

# THE ART OF WINE. DOWN TO EARTH.

## AUSTRIAN TASTING STOCKHOLM

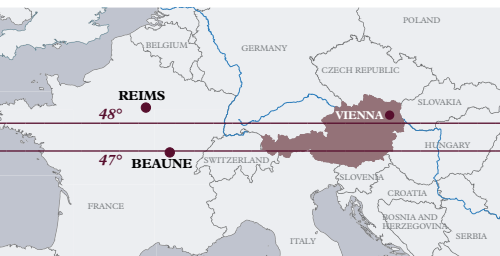

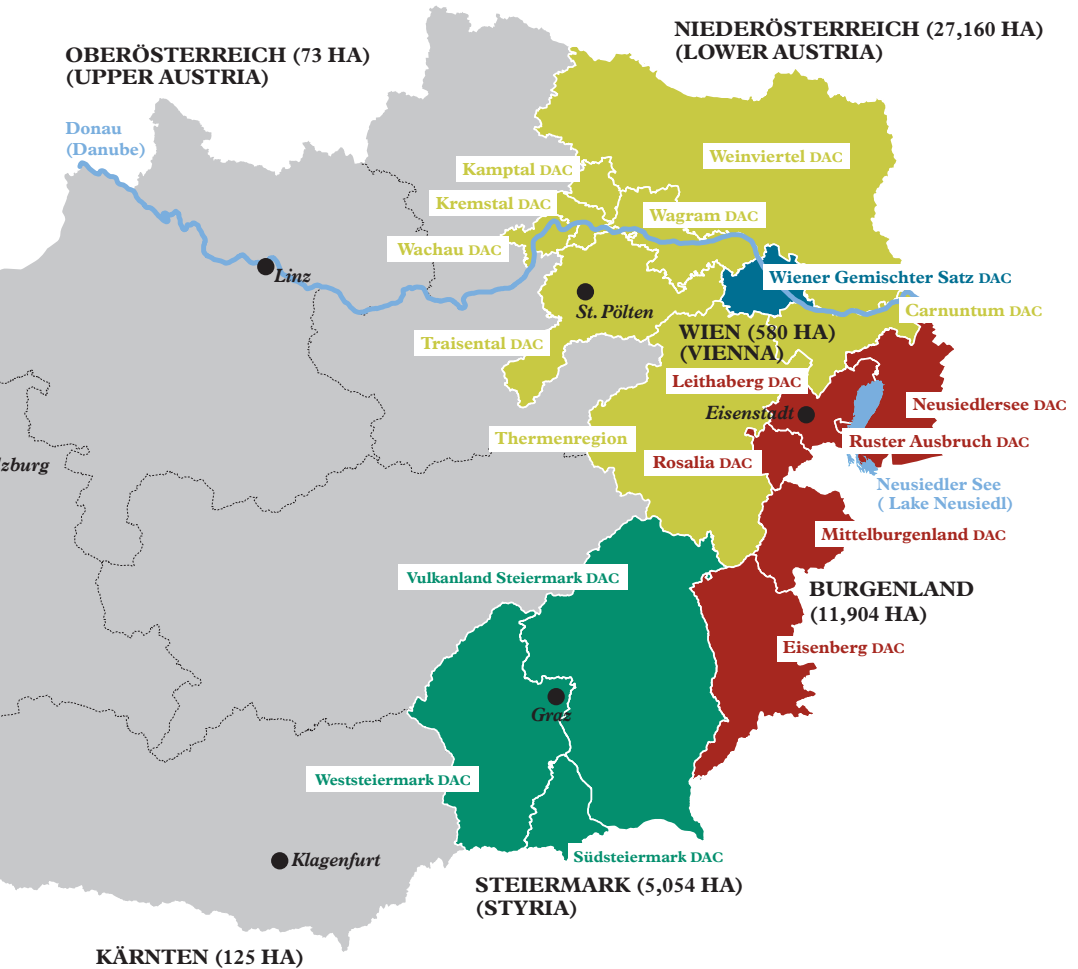

24 April 2023 | Münchenbryggeriet - Mälarsalen

**AUSTRIAN WINE**   
The Art of Wine. Down to Earth.

 **ADVANTAGE  
AUSTRIA** 

# AUSTRIAN WINEGROWING REGIONS

AND THEIR PROTECTED DESIGNATIONS OF ORIGIN FOR REGIONALLY TYPICAL WINE (DAC)

## **Welcome to the Austrian Tasting Stockholm!**

The Austrian Tasting is back in Stockholm! After two years of private tastings, Austria's top estates are very happy to present their wines to the Swedish experts at the Münchenbryggeriet.

You will have the opportunity to explore over 75 wineries and more than 400 Austrian wines at an exclusive walk-around tasting at the Münchenbryggeriet. Meet producers who are already present in Sweden as well as producers who are currently looking to enter the Swedish market.

Our brand-new Masterclass-Area will be one of the highlights at this year's event. If you have not registered upfront, check out if there is still a seat.

Many thanks to the Austrian Trade Commission in Stockholm, led by Dr Martin Glatz (Austrian Trade Commissioner) and Joachim Völkle. We have been able to rely on their long-standing expertise during the implementation of the tasting. In addition, I would like to thank my team – especially Michael Tischler-Zimmermann and Oliver Chramosta – for their efforts in this major project.

We look forward to bringing you closer to the world of Austrian wine!

Cheers

Chris Yorke  
CEO  
Austrian Wine

## Sequence of designations for Wine

**Line 1:** Vintage | Origin | Quality level

**Line 2:** Grape variety | Ortswein/Grosslage/Riedenwein | "Brand name"

**Line 3:** Alcohol in Vol. % | Residual sugar in g/l | Acidity in g/l | Shortcuts of grape varieties for Cuvée/Gemischter Satz

**Line 4:** Producer

## Sequence of designations for Sekt Austria, Österreich Sekt, Perlwein and Pet Nat

**Line 1:** Sekt + Category | Dosage | Grape variety | "Brand name" | Vintage

**Line 2:** Austrian federal state with protected designation of origin (For Grosse Reserve: federal state g.U, municipality | Grosslage OR Ried)

**Line 3:** Alcohol in Vol. % | Residual sugar in g/l | Acidity in g/l | Shortcuts of grape varieties for Cuvée/Rosé/ Blanc de Blancs

**Line 4:** Producer

## Abbreviations for grape varieties

BB = Blauburger	GO = Goldburger	SA = Scheurebe
PN = Pinot Noir (Blauburgunder)	GL = Goldmuskateller	(Sämling 88)
BP = Blauer Portugieser	GV = Grüner Veltliner	SB = Sauvignon Blanc
BW = Blauer Wildbacher	JR = Jubiläumsrebe	SG = Sauvignier Gris
BF = Blaufränkisch	ME = Merlot	STL = St. Laurent
BM = Blütenmuskateller	MC = Muscaris	SYL = Sylvaner
BO = Bouvier	MT = Müller-Thurgau	SYR = Syrah
CF = Cabernet Franc	MO = Muskat Ottonel	TR = Traminer
CS = Cabernet Sauvignon	NB = Neuburger	PB = Pinot Blanc (Weissburgunder)
CH = Chardonnay (Morillon)	RA = Rathay	WR = Welschriesling
FV = Frühroter Veltliner	R = Riesling	ZF = Zierfandler
FU = Furmint	ROE = Roesler	ZW = Zweigelt
MU = Muskateller	RV = Roter Veltliner	
GS = Gemischter Satz	RG = Rotgipfler	
	PG = Pinot Gris	

## Further abbreviations

AL = Alcohol
RS = Residual sugar
AC = Acidity
TYP = Wine types - explanation see page 3
TBA = Trockenbeerenauslese
Ried = Legally defined single vineyard site
"1ÖTW" = Wines from the best classified vineyards ("Erste Lage" by the Association "Österreichische Traditionsweingüter").
"1STK" = Wines from premium vineyards defined by the Association "Steirische Terroir- und Klassikweingüter" ("Erste STK-Lage").
"GSTK" = Wines from the most prized vineyards defined by the Association "Steirische Terroir- und Klassikweingüter" with extended maturation ("Grosse STK-Lage").

### **Type 1: Perlweine & Sekte**

Austria can look back on a venerable tradition of sparkling wine, one that dates back to the 19th century. Our specialists in the sparkling sector include private producers, as well as large Sekt houses. Whether Sekt Austria (PDO) of the basic category or the traditionally vinified pétillant naturel (Pét Nat), these wines are ideally suited not only to the classic role of apéritif but also prove their versatility as dinner-table companions. Fruit and refreshment share the foreground in these easily drinkable light sparklers (Perlwein) and Sekts.

### **Type 2: Sekt Méthode Traditionelle**

Traditional bottle fermentation is the most time-consuming and costly process for making sparkling wine: it takes a lot of time, and the typical ‘riddling’ of the bottles during ageing is often performed by hand. Austria’s top products – especially Sekt Austria (PDO) Reserve and Grosse Reserve – are produced according to this method. The result turns out as characterful and highly elegant Sekts, which do not need to fear any international comparisons.

### **Type 3: White wines - classic & refreshing**

Classic white wines from Austria get top marks for their freshness and fine acidity – which they combine with considerable elegance in a middleweight frame. These can be found in all our winegrowing regions: refreshing and regionally typical Grüner Veltliner & Riesling from the regions along the Danube River, peppery Weinviertel DAC, delicious Wiener Gemischter Satz DAC, classic Weissburgunder & Chardonnay from Burgenland or spicy Welschriesling & Sauvignon Blanc from the Steiermark. Youthful wines such as Junger Österreicher, Steierischer Junker or Junger Wiener are the first to appear on the calendar in the classic & refreshing category, and can be tasted soon after the harvest.

### **Type 4: White wines - powerful & opulent**

These stars of Austrian white wine culture are vinified dry, exhibiting body and extract, opulence and concentration. In addition to the majority of classically elaborated wines, here you will also find wines matured in barrique with a bit of an international accent. Among the elite one finds single-vineyard wines vinified from Grüner Veltliner and Riesling (like Smaragd bottlings from the Wachau), and top wines from regions along the Danube or from the Weinviertel. Other very distinctive vinous personalities include robust Zierfandler and Rotgipfler from the Thermenregion, as well as complex Weissburgunder and Chardonnay from Burgenland. This category is rounded out by the great single vineyard wines from the Steiermark (Sauvignon Blanc, Morillon, Weissburgunder & Grauburgunder), as well as specialties such as Neuburger, Roter Veltliner and the Gemischter Satz from Vienna.

### **Type 5: Rosé wines**

Rosés are produced in all winegrowing regions of Austria and assume many forms: charming, youthful wines from Burgenland, or fresh stylings vinified from Zweigelt and Sankt Laurent in Niederösterreich, all the way to racy Schilcher from the Weststeiermark (some designated as a regionally protected Weststeiermark DAC). Burgenland also has its own protected appellation of origin for fruity-fresh and spicy rosé wine: Rosalia DAC Rosé.

### **Type 6: Red wines - classic & elegant**

Red wines in the classic style – with *élevage* either in large wooden cask or steel tank, with typical Austrian fruit but also plenty of depth, without being too high in alcohol – which express the typicity of their origins, with elegance and an inviting nature. Zweigelt plays an important role, since it grows quite happily in almost all viticultural regions – though Carnuntum comes up first here – and classically vinified Blaufränkisch can also be convincingly distinctive. This group is rounded out by specialties such as Sankt Laurent, Blauburgunder (Pinot Noir), Blauer Portugieser & Blauburger.

### **Type 7: Red wines - intense & opulent**

These are red wines that possess opulence, concentration, complexity and depth, vinified either as single varietal wines or as *cuvées*. Even with aging in *barriques*, these top wines are characterised by the typical depth of fruit characteristic of their *terroir*. The premiere destination for red wines of this sort is Burgenland – although top red wines can also be found coming from Carnuntum, the Thermenregion or even Vienna. It is satisfying to note that our typical Austrian grape varieties such as Blaufränkisch & Zweigelt might even do just a bit better here than classics like Pinot Noir and the international varieties Cabernet & Co.

### **Type 8: Alternative wines**

A precise definition of ‘Orange Wines’, ‘Artisan Wines’ or ‘Natural’ wines – often referred to collectively as ‘Alternative Wines’, does not exist. What they have in common, however, is that they often develop as far as possible without human intervention during their process of becoming wine. Owing to oxidative development and/or extended maceration time, the white wines will also develop a distinct tannin structure – and even some colour from the skins – in combination with fresh acidity and earthy fruit. Growers who produce exceptional wines in these new – or actually old – ways can be found in all of Austria’s winegrowing regions.

### **Type 9: White wines - off-dry & medium-sweet**

Wines in the upper Spätlese or Auslese class rank among the most ageworthy wines in Austria. In their youth they exhibit a great deal of *finesse*, combined with supple residual sweetness and a lively interplay between fruit and acidity. The palette ranges from Muskat Ottonel or Welschriesling from Burgenland, via (Gewürz)Traminer from the Steiermark, Grüner Veltliner and Riesling from various winegrowing regions, to the great Spätlesen or Auslesen vinified from the specialty varieties Zierfandler and Rotgipfler in the Thermenregion.

### **Type 10: Nobly sweet wines**

These include Beerenauslese and Trockenbeerenauslese, as well as the classy and refined Ruster Ausbruch. These rare sweet wines are characterised by ample residual sugar and highly concentrated acidity, usually in conjunction with the distinctive aroma of noble rot (*Botrytis cinerea*). Such wines continue to develop in an exciting way over a long period of time and have great ageing potential – and Austria plays here in the Champions League. Eiswein with expressive, luxuriant fruit and sizzling acidity – as well as Strohwein and Schilfwein, which exhibit flavour profiles between *Botrytis* and Eiswein – also belong to this category.

## Allram

WEINGUT  
**ALLRAM**

KAMPTAL | AUSTRIA

Allram has been one of the leading wineries of the Kamptal for decades, with holdings of Riesling and Grüner Veltliner in the famous vineyards of Heiligenstein, Gaisberg and Renner. For the owners Michaela and Erich Haas-Allram, the main factor of producing exceptional wines is to be found already in the vineyards. The cellar is now run by Lorenz, the new generation. His goal is to harvest the very best fruit, show real varietal character and to produce wines with intensity and finesse. Riesling thrives in Lorenz's hands, with the 2016 Gaisberg winning 97 pts at the International Wine Challenge in London receiving the white wine trophy.

## Bründlmayer

**Niederösterreich | Kamptal**

Zwettler Straße 23, 3550 Langenlois

T: +43 2734 21720

E: weingut@bruendlmayer.at

W: <https://www.bruendlmayer.at>

**Contact:** Andreas Wickhoff MW

**Importer:** Vingruppen i Norden AB

Bründlmayer manages vineyards in the best locations around Langenlois. All of the vineyards have been cultivated sustainably since 1979 and in a biological-organic fashion since 2015. Among the Grüner Veltliners are stars like "Loiserberg", "Lamm" and "Käferberg". Among the Rieslings "Steinmassl" competes with the elegantly structured "Heiligenstein". The "Alte Reben" and "Lyra" of the Heiligenstein embody terroir and concentration. Hugh Johnson quotes "Bründlmayer Brut" as "Austria's Best Sekt". Zweigelt, Pinot Noir and Chardonnay belongs to Bründlmayer's acclaimed specialities as well as the rare sweet wines. "Almost every wine, from the lightest Grüner Veltliner to the red wine and the sparkling wine has what it takes to be the best of the vintage in its category." (Falstaff)

Since 1898. It's the fourth generation now here at the Etz Wine Estate, who tries hard to be a modern as well as a tradition-conscious family-winery. Total quality thinking from the vine to the bottle determines our everyday life. Our aim is to produce wine in accord with nature and environment which meets the highest standards. The optimum size of around 38 hectares spread over several vineyards throughout the famous wine growing region of Kamptal gives us the opportunity to make a wide range of wines. Vineyards like Gaisberg, Wechselberg, Karl or Galgenberg are together with others part of our portfolio.

**GERHARD DEIM**

SCHÖNBERG - KAMPTAL

One hour north-west of Vienna, following the river Kamp from Langenlois upstream to the northern end of the winegrowing region Kamptal, there is a village called Schönberg am Kamp. Surrounded by the last foothills of the harsh Waldviertel from the west, the steep terraces of the Manhartsberg from the east and the single vineyard Kalvarienberg from the north, Schönberg and its surrounding vineyards are characterised by a very unique microclimate. In this valley basin, there is a very high contrast between day and night temperatures. Grüner Veltliner & Riesling can best express the uniqueness of the Kamptal and are therefore the leading grape varieties in the river valley. In the slightly cooler climate of the northern Kamptal they can best express their intense fruit aromatic.

# HIEDLER

*seit 1856*

The owl is the unmistakable symbol of the winery, founded in 1856. The ancients of all cultures considered it a sign of wisdom, tranquility, and permanence, revealing the hidden worlds beyond their reach. With their craft, the family equally uncovers the unique worlds that lie hidden in this special piece of land they cultivate. In the historical terraced vineyards around Langenlois (Kamptal), the brothers Ludwig and Dietmar look after a precious heritage of old vines, which have been selected by the family for several generations. They are carefully tended by hand to this day. Tradition, artisanality and a close relation to nature are the foundation of every wine. They are characterized by longevity, elegance and a unique dimension of texture and depth. Hiedler is a ÖTW founding member.

## LAURENZ V.

STRICTLY GRÜNER & SHEER DRINKING PLEASURE

LAURENZ V. an Austrian boutique winery in the Kamptal valley produces an elegant, captivating style of Grüner Veltliner, vinified for international appeal and appropriate for diverse cuisines. The wines display brisk acidity, concentration of flavor, subtle spice notes, voluptuous texture and vibrant minerality.

LAURENZ V. grows grapes in the Kamptal and sources grapes from trusted growers in the Kamptal and Kremstal regions of Lower Austria, where Grüner Veltliner reaches optimal ripeness while retaining its trademark vivacity.

LAURENZ V. entirely focuses on Grüner Veltliner and produces several distinct proprietary Grüner Veltliners. The mission is to play a leading role in establishing Austria's signature grape - Grüner Veltliner - amongst the premium white wines of the world.

Since 1656 our family is producing wine and for all this time the wines are characterized by the passion and handcraft of the vintner. Tradition and innovation are the central idea of the winery, well shown in the cellar that was built as a gravity only system. Our wines show profile, character and reflect the vintners passion as well as the soil where they are coming from.

We are proud to be awarded by various companies in Austria and abroad:

- Wine Enthusiast, USA
- Decanter World Wine Awards
- Falstaff Magazine
- Vinum Magazine
- Meiningers Magazine

# WESZELI

The Weszeli winery is located in one of the most exciting wine-growing regions in Austria. Langenlois in the Kamptal is not only geologically very diverse, climatically it is also at the intersection of different zones of influence.

30 hectares of vineyards are cultivated according to biodynamic principles. Handicraft is very important to the winemaker Davis Weszeli.

Terroir wines are aged in the cellar for at least 3 years to give them stability and longevity.

They are only released when they have reached their first peak of maturity. Wines full of character with a high enjoyment factor are the result of the work.

The winery is in the process of converting to biodynamics according to Demeter guidelines and the wines are certified organic and vegan.

One of our highest maxims is to concentrate on what's essential "making noble wines from best grapes".

We never tire of pursuing this principle with consequence and precision. Being a family and a team at the same time we know how important it is to share the same ideas about wine and quality.

Our first and foremost endeavour is to preserve the flavours of the grapes. Our wines, therefore, reflect the uniqueness of each grape variety and vineyard.

Thanks to our old vines and first growths we can guarantee wines of the highest quality every year.

We are a traditional company with 18 ha vines in Krems, the gateway to the Wachau. Our specialty is the Grüner Veltliner, vinified dry, but also our other varieties such as Riesling, Muscat, Chardonnay and Zweigelt are only from best quality. Especially our famous sand pit location provides us with first-class quality. Since 2006, we process our grapes in a very modern factory building. We now have all the technical possibilities to improve our quality yet. Tradition is very important to us.

## Müller

### Niederösterreich | Kremstal

Hollenburgerstraße 12, 3508 Krustetten

T: +43 2739 2691

E: info@weingutmueller.at

W: <https://www.weingutmueller.at>

**Contact:** Diana Müller

**Importer:** Provinum Vinhandel AB

The family winery Müller is located in the southern Kremstal wine region in the picturesque village of Krustetten. The vineyards reside in the hills surrounding the Göttweig Abbey and extend upstream the Danube valley to the Wachau. Diverse soil and micro-climatic conditions in the vineyards, require to care for every vineyard individually and to fully understand each site in relation to soil, exposure and grape variety. Operating the winery since 3 generations, has let the Müllers accumulate the necessary knowledge about the sites. The Müller family's philosophy is to work in harmony with nature in a sustainable manner. Considering these important factors the grapes are given the highest chance to mature. These grapes build the perfect foundation for excellent white and red wines.

WEINGUT  
MÜLLER  
GROSSMANN

Tradition. Origin. Individuality. Our winery is located in Furth-Palt, in the southern Kremstal. Here we cultivate 10 hectares of vineyards around the Göttweiger Berg. The winery is now run by the second generation of women – Marlies, who took over from her mother Helma. The female finesse can be felt in the wines; we attach great importance to tradition, origin and individuality. As much as necessary, as little as possible, that's the principle we work by. The focus is on Grüner Veltliner and Riesling, but we also vinify Burgundy, Rosé & Muskateller, as well as three sparkling wines according to the traditional method. In addition, we are currently converting to organic farming.

**Contact:** Ludwig Holzer, MSc

**Importer:** Ward Wines AB

Winzer Kreams is one of the most significant producers of estate bottled quality wine in Austria. Its origins go back to the oldest wine growers association of central Europe founded in 1447. Until today Winzer Kreams guarantees the highest quality standard and maintains wine as a valuable cultural asset.

According to this tradition the grapes are mainly handpicked. Winzer Kreams specializes in two unique Austrian grape varieties: Grüner Veltliner (white) and Blauer Zweigelt (red). State-of-the-art equipment is used to extract the juice most carefully by pneumatic presses and to ferment under controlled temperature. The results are fine fruity wines with pronounced varietal character and pureness.

**Importer:** We & Wine AB

The vineyards of the Sepp Moser-family are located in two different areas: Kremstal and Neusiedlersee. In Lower Austria there are particularly expressive and mineral white wines that grow in the steep terraces of loess and conglomerate-decline, while the Seewinkel emphasis on structured red wines. Since 2006, the vines are cultivated biodynamically with Demeter certification. Regionality and authenticity of the wines are in the focus. On elegance and profundity Niki Moser lays great emphasis, the wines are a perfect match for elegant dining.

**Importer:** Johan Lidby Vinhandel AB

Rudi Rabl is happy about the traditional history of his family winery, dated back to 1750. The love for nature and grapes, the ecological work in the vineyard with herbal plants and the knowledge of the professional processing ensure an excellent quality of the different types of wine. In the basement, modernity is combined with traditional values. Ecology is an important factor and the winery has been certified as "Sustainable Austria" since 2015. Among the highlights of the awards in recent years is the "White Wine Maker" of the Year 2019 at IWSC in London, the two Decanter Trophy Winners Grüner Veltliner Dechant and Riesling Steinhaus, as well as the 2017 regional winner in the Riesling and Sauvignon Blanc categories. In addition, the winery was awarded "Winery of the Year" in Kamptal

*Lackner* <sup>1770</sup>  
*Tinnacher*  
 – Südsteiermark –

Our history starts in 1770, thus already involved in winemaking for 240 years. And we have always remained a family enterprise, because it is fundamental to our self-conception and our tradition: It gives us the freedom to create our wines just as we want them to be, apart from any fashion: pure, elegant, timeless.

Our most important assets are the soils from which our wine draws its vigor. On six challenging single-vineyard sites, mostly very old and deeply rooted vines thrive, each of which has its own pedigree well known to us. Our wine is exclusively produced from fruit that is sourced from our own vineyards.

## Umathum

### Burgenland | Neusiedlersee

St. Andräer Strasse 7, 7132 Frauenkirchen

T: +43 2172 2440

E: office@umathum.at

W: <http://www.umathum.at>

**Contact:** Josef Umathum

**Importer:** Johan Lidby Vinhandel AB

Umathum winery is mostly known for its authentic red wines like Zweigelt, St.Laurent and Blaufränkisch which are available as elegant classic wines as well as characterful single vineyard selections. Josef Umathum produces also some fascinating white wines. He has re-established the original Pannonian white grape variety Lindenblättriger in Burgenland region and furthermore works with rare varieties like Gelber Traminer and Pinot Gris. A vast diversity of soil types like schist, limestone, clay and gravels is being cultivated on both sides of Lake Neusiedl. The most important single vineyard sites are Ried Hallebühl (Zweigelt), Vom Stein (St. Laurent), Haideboden (regional blend) and Kirschgarten (Blaufränkisch) the last is situated in the only stone-terraced vineyard in Burgenland region.

## Juris

### Burgenland | Neusiedlersee

Marktgasse 12-18, 7122 Gols

T: +43 2173 2748

E: office@juris.at

W: https://shop.juris.at

**Contact:** Axel Stiegelmar

**Importer:** Stellan Kramer AB

In the past centuries, our family always has been our source of energy. This structure remained alive until today's time. JURIS comprises about 20 ha (75% for red wines and 25% for white wines) of vineyards, which are situated all over the wine-region of Gols. Gols is located in the wine region Burgenland between Vienna and Budapest in the warm Pannonian climate with permeable soils of gravel and sand.

Caused by the geologic conditions in our area, a great number of the grape varieties growing in Austria, are also planted in our estate. It has however crystallised, that the family of the Pinot-varieties is cultivated very often. JURIS strive to produce wines with character and style that are well balanced and possess complexity, aging potential, and a certain elegance.

Riepl

Our winery is located in the largest and most important wine-growing community in Austria - Gols. Spoiled by the sun, is Gols located on the eastern side of Lake Neusiedl. The Pannonian climate, high-quality soil and the flat landscape enable us to produce the highest quality.

The entire family works energetically with great zest for life to produce the best wines that are fun to drink. In this way, we would also like to convey this Pannonian joie de vivre to our wine friends.

Our wines reflect the character of the grape variety as well as that of the soil in the region where they are grown and cultivated with a lot of love and manual work by the entire family.

## Salzl Seewinkelhof

### Burgenland | Neusiedlersee

Zwischen den Reben 1, 7142 Illmitz

T: +43 2175 24342

E: weingut@salzl.at

W: <http://www.salzl.at>

**Contact:** Christoph Salzl

Winery Salzl is situated in Illmitz, in-between the lakes and lowlands of the Seewinkel in Austria's most eastern state called Burgenland.

At the winery there are three generations working side by side to develop quality to the maximum and produce self-contained, fruity wines which have unique character and are reflecting the terroir of our vineyards.

75 percent of our whole production is red wine. Our most important grapes are Zweigelt and Chardonnay, both able to grow and ripe to brilliant quality. Not to forget our sweet wines which are typical for our region.

The distinctive silence and wideness of the lowland finds its expression in the softness and warmth of our wines and that is very important for us - to feel and taste where these wines are coming from.

THE WINE

With the most hours of sunshine and the highest temperature peaks Andau is known as hottest spot of Austria. The family winery Scheiblhofer is one of the red wine fix stars in the Austrian wine scene. Already under the founder Johann Scheiblhofer the winery was known not only for its quality wines, but especially for its top red "Big John". His son, Erich Scheiblhofer, who is one of the young wine generation attracts a lot of attention with his distinctive stylistic wines. After training as Viticulture Master, certified Winemanager and international oenologist, Erich Scheiblhofer gained practical experience in California and Australia. The enthusiastic attitude combined with a hard perfectionism in winemaking and enology produces unique value monuments.

SEKTKELLEREI GOLS

Peter Szigeti has redefined the art of turning the finest grapes into sparkling sensations! Since the Szigeti winery was founded in 1991, Peter Szigeti has made it his most important task to capture the varietal characteristics of the grape varieties in his products. His goal was to create pure indulgence with every glass of Szigeti sparkling wine. That is why Peter Szigeti and his cellar master spend a lot of time in the vineyards of our partners and suppliers. This ensures that the grapes meet the highest quality standards and that their typical varietal character will eventually characterize the sparkling wine.

## Mayer am Pfarrplatz & Rotes Haus

Wien | Wien

Pfarrplatz 2, 1190 Wien

T: +43 1 3701287

E: weingut@pfarrplatz.at

W: <http://www.pfarrplatz.at>

**Contact:** Gerhard Lobner

Mayer am Pfarrplatz: The traditional winery produces since 1683 in Nussdorf high quality wine from Vienna's best vineyards, the chalk rich Nussberg and the cru Alsegg. The wines offer intensive, elegant fruitiness, good balance and minerality of the best Viennese vineyard sites.

The romantic landmark protected house of the winery Mayer is a synonym for Viennese wine and the epitome of Vienna's Heurigen culture.

Rotes Haus: The winery has probably the most beautiful and best vineyards of Vienna with an unbelievable view to Vinna and the Danube. Individual microclimate and soil award the wines from Nussberg exotic, spicyness and minerality. As a result of the uncompromising quality work you will find balanced, fullbodied wines with karakter and Viennese charme.

WIEN

The Hajszan Neumann winery is located in Vienna's most famous wine-growing district, Grinzing, at the foot of the Nussberg. Much passion is invested in certified biodynamic viticulture to yield elegant, unadulterated wines with authentic expression. Fritz Wieninger, pioneer of quality wine production Vienna took over management of this winery in 2014 where he concentrated on the production of Wiener Gemischter Satz, Riesling and Grüner Veltliner. The vineyards, most of which are owned by the star architect Heinz Neumann, are located in the best sites of Vienna with the Nussberg playing the leading role. The mineral-rich marine limestone and weathered calcareous soils impart wine expressive character.

**LOIMER**

Authentic wines are always distinguished by their roots. They tell a story. Our wines tell of their origin, of the power of nature and the respectful treatment of soil, plants, animals and people. Our ideal is to be understood as a kind of “closed operating organism”, which, if possible, creates and utilises all elements of agricultural production itself.

The result is pure origin: individual wines, shaped by their place of origin, created to the rhythm of nature. With patience, precision and minimal influence, independent, sometimes controversial.

## Heinrich Gernot und Heike

**Burgenland | Neusiedlersee**

Baumgarten 60, 7122 Gols

T: +43 2173 3176

E: weingut@heinrich.at

W: <http://www.heinrich.at>

**Contact:** Gernot Heinrich

**Importer:** Lively Wines Sweden AB

Attentive observation of nature, biodynamic cultivation, unbridled biodiversity above and below the earth's surface: Gernot and Heike Heinrich's idea of terroir wines is based on a deep understanding of the diverse living environments within their vineyards. The aim is to create a natural balance in which vines, people, plants and animals act in symbiosis and form the decisive elements of a whole. The natural prerequisites are cool steep limestone slopes on the Leithaberg, a modulated topography with a warmer climate near the winery in Gols, and a handful of autochthonous grape varieties led by Blaufränkisch. Undogmatic, handcrafted vinification gives the wines the freedom to speak of their origins in an unadulterated and clear voice. They lay the foundation for continuous evolution.

**Contact:** Alexander Sattler

**Importer:** Lively Wines Sweden AB

Family Sattler place great value on working closely with nature to produce the wines. Since 2016 vintage, our wines carry the green seal of organic certification. We cultivate multiple small parcels in very steep slopes at optimal elevations. It is a very demanding task to deal with the unpredictable climate with abundant precipitation in Südsteiermark, but this is also what forms the inimitable character of our wines. For this reason, we categorize our wines according to origin: "Gebietsweine" are regional wines sourced from various vineyards in Südsteiermark, "Ortsweine" are village wines from Gamlitz and Eichberg vineyards; "Riedenweine" are single-vineyard wines from Ried Kapellenweingarten, Ried Sernauberg, Ried Kranachberg, Ried Pfarrweingarten and Ried Trinkaus

**Contact:** Gudrun Grill-Gnauer

Our family winery is situated in the wine growing area called "Wagram". The "Wagram" was formed by the river Danube of a way from 30 km. This big terraces consists of loess which offers perfect conditions for Grüner Veltliner, Roter Veltliner, Riesling, Weißburgunder and Zweigelt. Efficient and exact work in the vineyards are very important for the quality of our wines. Beside the production of high quality we focus on dry and fruity white wines which reflect the terroir. We mainly use steainless steel tanks for our white wines. Red wines are fermented in wooden barrels and in small oak barrels. Drink one glass of our wine and you will discover all these efforts.

## Hellmer

### Niederösterreich | Wagram

Obere Marktstraße 46, 3481 Fels am Wagram

T: +43 2738 3149

E: office@winzer-hellmer.at

W: <http://www.winzer-hellmer.at>

**Contact:** Reinhard Hellmer

For over 225 years, the Hellmer family has been involved in wine production. Today the winery is led by Doris and Reinhard Hellmer. With enthusiasm and consistent vineyard and cellar work they have been successful in establishing the winery as a top Veltliner producer. GRÜNER VELTLINER as well as ROTER VELTLINER are the stars of this family business. Roter Veltliner is a regional speciality with an outstanding character. Loess soil influence the style of the wines. The combination of unique soils and meticulous vineyard work allow Reinhard Hellmer to produce fresh classic wines as well as complex single-site vintages.

Sustainability is of great importance to the family. All their wines are certified sustainable.

**Importer:** Domaine Wines & Spirit AB

WEINGUT

A-3481 FELS AM WAGRAM

The Leth Family Winery was founded 1960 and today, with more than 50 hectares of vineyards, is one of the leading wineries in the Wagram appellation. The unique Loess terroir favors the Grüner Veltliner in particular, it allows to produce wines of distinctive character, driven by the unmistakable handwriting of winemaker Franz Leth jun. A lot of passion is paid to the rare and indigenous variety Roter Veltliner too, the hidden gem of the Wagram area. All wines sourced from the organic as well as sustainable certified vineyards are telling the true story of origin. Fruit driven regional wines, classic village wines and complex, long-lived single vineyard wines, in their category they all count to the best Wagram has to offer.

W: <http://www.urbanihof.at>

**Contact:** Ing. Franz Paschinger

**Importer:** Mission Wine & Spirits AB

The winery Urbanihof in Fels am Wagram has a 400-year-old-history and is now in its 11th generation. Since 2016 the winery produces organic wine and we are very pleased to offer our clients honest quality in an ecological way.

Franz Paschinger manages the winery with dedicated attention to detail. The vineyards are densely populated in order to achieve a healthy competition among the plants and revenue is deliberately kept low. We work very hard on offering our clients only the best of the best and we know that switching to organic production in order to keep a healthy soil is the most efficient way to keep our promises.

STIFT  
KLOSTER  
NEUBURG

Much has changed since the foundation of Stift Klosterneuburg monastery in the year 1114, but the most essential things have remained the same:

- our symbiotic work with nature
- our respect for humankind and the environment
- our openness for new ideas, and
- our efforts to create unique wines!

Top vineyard sites in three different wine growing regions (Wagram, Vienna, Thermenregion), one of the most fascinating wine cellars going 5 levels into the ground and an unbroken wine tradition of more than 900 years, making us the oldest winery of Austria, are the attributes of Stift Klosterneuburg. As pioneers in the field of sustainability and climate protection Stift Klosterneuburg is Europe's first carbon neutral winery since 2009.

**Contact:** Harald Frank

**Importer:** Amka Vinimport AB

Experienced manual labour in the vineyards is the foundation of our wines. We see ourselves as farmers of vines. All work is carried out under the care of all family members. We plant the vines, tend the vineyards and pick and select the Grapes by hand. This guarantees cristall clear and exeptional wines.

We cultivate 23 ha of vineyards around Herrnb Baumgarten in the Weinviertel, concentrating on Grüner Veltliner, but also Riesling, the Pinot varietals and Zweigelt. Grüner Veltliner grows in loess soil, while Riesling grows on meagre schlier soil with a thin loess cover and the Pinot varietals and Zweigelt are planted in shell limestone and marl.

Our wines are vigorous, sustainable and storable reserve wines as well as vivid classics with fine fruits, modern and expressive.

“Typically Austrian top quality that carries my signature: my wines are charming and demanding at the same time – sometimes even a little bit cheeky. The whites are fermented and aged in stainless steel.

They are left on the lees for quite a while, thus obtaining the stability for their long aging potential.“

“Summer – sun, rain, and temperature variations: The weather calls the tune. The more the vines are used to being self-sustaining, the more tolerant they react to weather influences. To strengthen them, I rely on forming a dense humus layer that helps equalize the water balance. What is also crucial to me is a nutrient supply to the vines as independent as possible. For that, I support the vines by a sophisticated concept of pruning and canopy management.

WEINVIERTEL - ÖSTERREICH

# SUTTER

The work and success of Doris and Leopold Sutter is closely related to the natural management of their vineyards and the wines' careful maturing process. Their wine is characterized by careful pruning, controlled foliage, preservation of the vines, water-saving soil treatment and gentle manual work.

The assortment of Doris and Leopold Sutter is characterized above all by their Veltliner variety; Grüner Veltliner, Roter Veltliner and Frühroter Veltliner. All Veltliner grapes are grown and harvested from lime-rich soils, making the wines rich in minerals and taste mature. Other grape varieties are Riesling, Sauvignon Blanc, Gemischter Satz, Blauer Burgunder and Blauer Zweigelt.

Doris and Leopold Sutter export their wines all over the world.

## Taubenschuss

### Niederösterreich | Weinviertel

Körnergasse 2, 2170 Poysdorf

T: +43 676 3566901

E: weingut@taubenschuss.at

W: <https://www.taubenschuss.at/>

**Contact:** Thomas Taubenschuss

**Importer:** Triplus Vinhandel

The winery TAUBENSCHUSS exists since 1670 and builds on the experience of successful generations of winegrowers. Even the ancestors have secured the best locations around the village of Poysdorf, located 60 kilometers northeast of Vienna, Austria. Pure, dry wines with unmistakable characteristics are created. The credo is sustainable viticulture, whereby one deliberately refrains from the use of herbicides, insecticides and commercial fertilizers. Own compost production for organic fertilization of the vineyards and vineyard grazing by special sheep form the basis for expressive wines. Currently, the winery is in the conversion process to organic certification and will be certified in 2024.

## Toifl Georg

### Niederösterreich | Weinviertel

Untere Hauptstraße 15-17, 2074 Kleinhöflein

T: +43 676 6142074

E: mail@georgtoifl.wine

W: http://www.georgtoifl.wine

**Contact:** Georg Toifl

Winemaker Georg Toifl tries to deal with all aspects of his natural conditions to let them flow into his idea of wine. When he took over the 13ha winery in 2010 his first steps were to change the label and created his own wine line, available in the series G, Geo and Ge.org.

G is a refined classic: dry, fruity and typical of Lower Austria's Weinviertel region.

Geo is the geological and geographic interpretation of terroir, multi-faceted and with aging potential.

Ge.org comprises top-quality vintages produced under the strictest yield reduction from rigorously selected and optimally ripe grapes. All wine of this series will be storage in different sized oak casks.

All vineyards (now 24ha) are cultivated according to organic criteria, and the grapes are 100% harvested by hand.

E: office@zull.at

W: <http://www.zull.at>

**Contact:** Phillip Zull

Nature is the prime factor permitted to influence the character of the wines in Schrattenthal in the northern Weinviertel: fertile soils which encourage preference for Grüner Veltliner, Riesling and Zweigelt as the ideal wine varieties. Hot summer days and cold nights during the maturation period give the grapes their unmistakable harmonious aromatic structure. And finally the uncompromising handwork of the Zull family in the vineyard, unswerving commitment and loving care result in finesse-rich, open, generous wines that are easy to drink with predictable depth: authentic wines reflecting the region.

**Contact:** Franz Josef Gansberger

**Importer:** Moestue Grape Selections

Weingut Stift Göttweig can refer to almost 1000 years of tradition, because the Benedictine abbey has existed since 1083 and with it the vineyards on the slopes of the Göttweiger Berg.

Today, there lies a responsibility for the care of the vineyards, for the vinification and marketing of the wine from the Göttweig Abbey with Fritz Miesbauer. As a member of the Österreichische Traditionsweingüter (ÖTW), it is a privilege to cultivate 30 hectares of top vineyards. The vinification of the wines of Göttweig Abbey takes place in the cellar of Weingut Stadt Krems.

Historical vineyard sites such as Gottschelle, Pfaffenberg and Silberbichl are the ideal soil for great wines. The focus of the grape varieties is, as intended for the Kremstal DAC origin, with Riesling and Grüner Veltliner.

**Contact:** Andreas Nittnaus

**Importer:** Moestue Grape Selections

The Gebrüder Nittnaus wine estate in Gols on Lake Neusiedl stands for excellent wine quality, sustainable engagement and unfailing reliability. For decades, the family-run wine estate has focussed on the potential and variety of vines in the Lake Neusiedl region. These calcareous, fertile vineyards, with their special climate, produce wines, which impressively represent the famous fruitiness of Burgenland wines – the Nittnaus brothers stand for excellent Burgenland wine personalities in red, white and dessert.

E: office@dorlimuhr.at

W: <http://www.dorlimuhr.at>

**Contact:** Mag. Dorli Muhr

**Importer:** The Wineagency Sweden AB

On the Spitzerberg in eastern-most Austria lies the twelve-hectare estate of Carnuntum-born Dorli Muhr. A western foothill of the Little Carpathians, the Spitzerberg features soils of pure limestone. On this south-facing slope, only tedious, painstaking efforts are implemented in order to preserve its old, cherished parcels especially where the classic Blaufränkisch variety thrives. The grapes are handpicked, slowly fermented with autochthone yeasts, softly macerated, partly foot trodden. The wines mature for 20 months in wooden casks and are bottled without filtration.

The distinctive terroir, together with the spiciness of the Blaufränkisch grape result in elegant wine with structure, length and plenty of freshness.

Since 2018, the vineyards are certified organic.

# Markowitsch

The district of Carnuntum is developing into a multifaceted winegrowing area. Here, whites from Grüner Veltliner to Chardonnay evolve to top qualities just as much as reds. Gerhard Markowitsch championed particularly consistently during the last years. He is a born all-rounder creating a range of top quality wines distributed equally between both red and white grape varieties. Falstaff Magazine already awarded him the title "Winemaker of the year" in 1999. The wines of Gerhard Markowitsch have been highly acclaimed internationally.

WEINGUT

# PAYR

The Robert Payr wine estate cultivates 12 ha of vineyards in Carnuntrum. With its stony chalk and loess and a microclima influence by the Danube and the Hungarian plains, this area offers the ideal conditions for growing wine.

Annual production amounts to 500 hl, of which 25% consists of white wines (Grüner Veltliner, Chardonnay) and 75% of red wines (Zweigelt, Blaufränkisch, Merlot und Cabernet Sauvignon).

Natural cultivation of the vineyards and the estate's winemaking expertis in combination with wealth of experience are the foundation for the high quality of wines, as are the carefull processing methods and temperature-controlled fermentation in steel tanks. The red wines are matured in steel tanks (Blauer Portugieser classic, Zweigelt classic) or in barriques (Rubin Carnuntum

Originally a farm, Weingut Taferner has been converted to run on wine in 1989. Today our vineyard area totals 25 hectares of 60% red and 40% white varieties. When you love what you do, it shows.

Organic and sustainable certified, our mission is to create wines that reveal the complex nuances of the vineyards that inspire them. Our wines speak of the land.

We believe that real wine quality is produced in the vineyard, not in the winery.

It is the passion for the unique terroir of Eisenberg in southern Burgenland that drives Edgar Brutler and Markus Bach. Grapes from old grapevines with a special character - wild, unspoiled and stubborn - grow on this mountain in a steep location. But it is exactly this mix of character that appeals to Edgar Brutler and Markus Bach. Combined with their knowledge about the wine-making process, wines are created that are delicious but don't follow a trend.

**Importer:** Uncorked Wines Sweden AB

The Potzinger winery has been family-owned since 1860, making it one of the longest-running family-run estates in southern Styria. Since then, wines of the highest quality have been produced with the utmost care. A sustainable and considerate management of the vineyards is the most important cornerstone of the winery's philosophy. Potzinger Südsteiermark wines are classified as sustainable and vegan. The greatest potential of the wines from southern Styria are minerality, elegance and freshness. Potzinger's mission is to fully exploit this potential and to press deeply South Styrian natural wines of the highest quality.

**Contact:** Gerald Freinbichler

**GOBER &  
FREINBICHLER**  
WEINE VON HAND

After years of working together in the Austrian viticultural village of Horitschon, Dominik Gober and Gerald Freinbichler decided to found their own winery in 2015.

Main goal was to work with the 'Blaufränkisch' vines from the region Mittelburgenland, with all its diversity, finesse, longevity, and fine-structure. The villages Horitschon and Neckenmarkt in particular, with their diverse terroir, offer perfect conditions for this.

The conversion to organic farming (2018 - bio austria) and the new build cellar (2022) helped to increase the quality of the terroir focused wines from Horitschon and Neckenmarkt.

WEINGUT  
**GROSS**  
SÜDSTEIERMARK

Focus is the motto of Martina and Johannes Gross. On really good wines that have been allowed to stay in their cellar for a long time. All of their wines come from the family's own vineyards, which are cultivated with care and dedication. In the area of single-vineyard wines, Weingut Gross was the first white wine estate to take a courageous step: all single-vineyard wines are allowed to "grow up" at their own speed. They get at least four years to develop and mature before bottling.

GROSS & GROSS

We are two sisters. Two brothers. And two married couples. Put simply: a large family. In addition to sharing the name, the four of us share the work in the vineyard. The fruit of our labour is named Gross & Gross. And yet, we started out small: with Jakobi. Gradually Mitzi, Flein and Fortuna were added. There's something in store for everyone. For both you and us.

For us, Gross & Gross means the freedom to explore. When working at our other two wineries (Weingut Gross and Vino Gross), we are no less creative, but Gross & Gross is something completely different. This is precisely what makes Jakobi and co. so exciting. We take our ideas – sometimes paired with a little courage – to create something entirely new.

Florian Masser, the first son of Peter Masser, is a HBLA Klosterneuburg graduate and is now working together with his father in the winery. He cares deeply about innovative and nature friendly wine processing strategies and together they work as a great team and implement their ideas. Their innovative method lead them to the place they stand now and many critics have rewarded their hard work with great reviews and high points for their wines. The winery is now in the fourth generation and the knowledge is and has been passed down from father to son. Their broad variety of products allows them to attract a wide range of customers. Since 2015 they also produce a certified biological wine from their PIWI varieties.

# NeueHeimat

In the beginning there was friendship. It was the friendship of Ton Goedmakers and Uli Kaltenböck, who met at a hotel bar in Lech am Arlberg in the 1990s and realized their dream of making their own wine. By free decision and with great passion, they committed themselves to southern Styria, where they started the Goedwinemakers enjoyment project with family and friends. Together we have created a lot and moved a lot, sometimes also doubted and cursed. But we have never lost the will and the joy of what we do here: making good wine. And that is why, since 2015, Bastian Kaltenböck, who now runs the winery, and cellar master Christian Söll have continued to write their own story at the 11ha organic farm. This new chapter now bears the name Weingut NeueHeimat.

W: <http://www.skofforiginal.com>

**Contact:** Harald Wickhoff

**Importer:** Pearlwines AB

Walter Skoff leads the family vineyard Skoff Original, which covers an acreage of around 60 ha, in the fourth generation. The special climate and the fertile soils of southern Styria create perfect conditions for top-quality wines, which regularly cause a sensation among international experts. The masterpieces of the house have received many awards over the past 30 years. A preliminary highlight of the medal competition was the 2017 Concours Mondial du Sauvignon Blanc, one of the most important white wine competitions in the world. The Sauvignon Blanc Kranachberg Vintage 2015 was awarded the "Denis Dubourdieu Trophy" out of 867 international wines. This is awarded to the wine with the purest and most refined Sauvignon character and is considered the world title of the scene.

FAMILIE  
BAUER

From young to old - everyone at the Bauer family's organic winery pulls together. For the family, it is a matter of course that year after year they strive to further improve the quality of the wines. For them, this means that when enjoying the wine, the consumer can also feel its typicality, the climate and the location, but also the care taken in the vineyard work and vinification.

Grüner Veltliner accounts for a large part of the vineyard area on the farm, but even in grandfather's time the typical regional grape variety of the Wagram - Red Veltliner - was cultivated with its own selections.

Veltliner - was refined with its own selections. There are also wonderful Rieslings, various natural wines and sweet wines in the form of Beerenauslese, Trockenbeerenauslese and Eiswein.

**Contact:** Bernhard Ott

**Importer:** Divine AB

Bernhard Ott's nickname is "Mr. Veltliner". This title describes his dedication to Austria's hallmark variety. Since the year 2000, 90% of his vineyards are planted with Grüner Veltliner. The deep loess soils of his home in the Wagram Region provide perfect conditions for this variety to express the uniqueness of this extraordinary terroir. Since Bernhard took over responsibility for the winery in 1995, the name Ott has become a synonym for freshness and purity of fruit as well as drinkability paired with volume and substance. His intense desire to produce something unique and preserve the singularity which nature provides his wines has inspired him to shift to biodynamic cultivation of his 45 hectares. Bernhard Ott is distinguished by the magazine Falstaff as "Vintner of the year 2008".

BIRGIT BRAUNSTEIN

[www.weingut-braunstein.at](http://www.weingut-braunstein.at)

It is not only tradition, it is passion, it is conviction, it is the belief in herself with which many years ago Birgit Braunstein took over the wine-growing business of her family of more than 400 years of wine-growing tradition. 4000 years in close cooperation with nature in Burgenland, a unique landscape on Lake Neusiedl. Lake Neusiedl has been a UNESCO World Cultural Heritage since 13 December 2001. Thus the region shares a mutual heritage with 721 sites worldwide and a common heritage with history, the present day and the future for all of humanity.

In 1996 Birgit Braunstein vinified her first wine and found with it, as she says "a moment of real happiness in her life". To show her happiness further, she has placed an Irish four-leaf clover on her etiquettes, Two BB's.

## Sommer

### Burgenland | Leithaberg

Johannesstraße 26, 7082 Donnerskirchen

T: +43 2683 8504

E: info@weingut-sommer.at

W: <http://www.weingut-sommer.at>

**Contact:** Leopold Sommer

The Sommer family has been producing wine in Donnerskirchen, on the southeastern slopes of the Leitha mountain range, since 1698. The continental and Pannonian-influenced climate on the Leithaberg, where the warm summers are tempered by cool nights, establishes the basic premise for the Sommer wine culture. Year after year, nature brings multifarious and vastly different conditions and results. The family watches carefully to see what is fitting and appropriate for the vintage and what must be changed. In doing this, the Sommers sometimes break with tradition, test limits, and trust their breadth of knowledge in working with different vineyard sites, soils and vines.

**Zehetbauer Stefan****Burgenland | Leithaberg**

Hauptstraße 3, 7081 Schützen am Gebirge

T: +43 2684 2523

E: office@zehetbauerwein.at

W: <https://www.zehetbauerwein.at>**Contact:** Stefan Zehetbauer

Stefan Zehetbauer's vineyards are dominated by schist and limestone soils and enjoy top priority. Interventions in the cellar are reduced to a minimum: No supplements, spontaneous fermentation, long ageing, no fining on most wines. The focus on terroir is a key outcome. Vinifying wines with depth, distinctive minerality and great ageing potential is important for Stefan Zehetbauer.

The Leithaberg varieties Blaufränkisch, Pinot Blanc and Chardonnay provide the bigger part of the range. The best growths come from the Ried Steinberg, which counts with its mica-schist soils to the best crus of the region. The family also made themselves a name with their unique Cabernet Franc, which they pioneered in Austria in the late 80s.

SCHÜTZ**  
A U S T R I A

The Winery Waldschütz is situated in Strass/Elsarn im Strassertal, at the south slopes of the Manhartsberg, the beginning of the wine region Kamptal. The landscape of the river Kamp is responsible for the name of the wine region. It is one of the most fascinating areas for wine in Austria.

Since 1994 Reinhard Waldschütz is the owner and winemaker in the winery. With a big input and together with his family he creates from year to year very nature-oriented, fruity, fresh wines, which are typical for the Kamptal.

Since 2010 Markus, the son of Reinhard, is back at the families winery. Because of his new experiences and knowledge, he brings new and fresh ideas into the old cellars.

**Importer:** HEBA Food & Beverages AB

# JAMEK

In the history of Austrian wine making Josef Jamek played a pivotal role. In the 1950s he was one of a small number of pioneers who extremely focused on wine quality and launched ranges of dry and non-chaptalised wines with lower alcohol than was typical. Today the fourth generation of the Jamek-Family is taking care of the estates' vineyards. In top vignards like Ried Klaus and Ried Achleiten the typical varieties Grüner Veltliner and Riesling are planted. Some others like Muskateller, Pinot Blanc and Chardonnay are traditional varieties in the Wachau-Valley.

In addition to the winery, the estate runs a lovely restaurant next to the Danube in Joching, where regional specialities delight all the senses, along with the estate wines by the glass.

**Gritsch FJ****Niederösterreich | Wachau**

Kirchenplatz 13, 3620 Spitz

T: +43 2713 2450

E: office@gritsch.at

W: <https://www.gritsch.at>**Contact:** Franz-Josef Gritsch**Importer:** Sophronie

Franz-Josef Gritsch embodies the already 7th generation of the family, which operates viticulture in the historic Mauritiushof in the Wachau. But top quality can only be achieved through continuous development. This is what the Kalmuck cellar stands for, where the wine is pressed using state-of-the-art technology. In addition, the wine experience world has now been added as an impressive innovation: an inviting tasting and sales room, a top-equipped event area with show kitchen and three stylish apartments have been created in and around the historical Mauritiushof. With Singerriedel, 1000-Eimerberg or Loibenberg, the family cultivates vineyards in the best locations, also countless stone terraces have been recultivated in recent years, such as the Ried Kalkofen.

**Contact:** Roman Horvath MW

**Importer:** Solera Sverige AB

Domäne Wachau, lead by Roman Horvath MW and Heinz Frischengruber, has developed into one of the top-wineries in Austria, with an excellent range of Wachau wines that beautifully reflect origin. World-famous vineyards such as Achleiten, Kellerberg and Singerriedel are just a part of the wealth of top sites managed by Domäne Wachau. The work of the vintner families is of crucial relevance to the entire winery. With many of these families active for several generations on the steep terraces of the Wachau, they know the special features of each vineyard plot. Through their loving attention to detail combined with enormous experience, they ensure that there is ecological balance, promote the diversity and increasingly rely on organic farming.

WINKLER-HERMADEN

The family owned winery is located in southeast Styria only few kilometers from the Slovenian and Hungarian borders. The vineyards of the Winery are planted on the steep slopes of a volcanic cone. Thirteen different grape varieties thrive on 37 hectares and are now husbanded by the third generation according to organic guidelines. Sauvignon Blanc and the Burgundian grapes like Pinot Blanc, Pinot Gris and Morillon (the Styrian name for Chardonnay) receive special attention here. Rather unusual for Styria, but surprisingly successful, are the red wines from Pinot Noir, Blauer Zweigelt, Merlot and Cabernet Sauvignon. To round out the assortment, the winery also offers Welschriesling, the most familiar Styrian grape variety, and Traminer a specialty particularly successful on volcanic soil.

Weingut  
**JURTSCHITSCH**  
Langenlois

Tradition and experience knowledge of parents and grandparents is the basis and strength of every family winery. Nevertheless, the future lies in the hands of the young winemakers. Each generation of winegrowers has to discover its terroir anew and interpret it for itself personally.

The research drive of Stefanie and Alwin Jurtschitsch goes far beyond the classic organic guidelines. Thus, intelligent solutions for the future of sustainable farming are sought and researched. Alwin and Stefanie Jurtschitsch produce some of the most exciting white wines in the Kamptal. They are not loud, opulent wines - but understatement is the order of the day. Vibrant and energetic, both the classical Cru wines and their natural wines precisely tell the story of their origin and the winemaker.

Contact: Stefan Krispel

At the very heart of the Vulkanland region of south-east Styria, surrounded by lush greenery, is the Krispel gourmet estate. This family-run business has been producing outstanding wines and gourmet foods of exceptional quality for two generations. With their vast experience and in close partnership with nature, it is the aim of the Krispels to infuse in purest form the flavours and the wonderful quality of life of their region in what they produce. Farming with the woolly-pigs has been organic certified since 2023, the vineyards are since 2020 in conversion, with vintage 2023 our village- and singlevineyard-wines will be organic for the first time. To lend emphasis, the winery Krispel now bears the seal of quality "Sustainable Austria".

## Neumeister

### Steiermark | Vulkanland Steiermark

Kronnersdorf 147, 8345 Straden

T: +43 3473 8308

E: weingut@neumeister.cc

W: <http://www.neumeister.cc>

**Contact:** Christoph Neumeister

**Importer:** Handpicked Wines Sweden AB

# NEUMEISTER

Christoph Neumeister is the third generation to run the renowned winery. The organically cultivated vineyards are steep and feature meagre limestone-sediment soils. The Illyrian-Pannonian combination climate and high precipitation levels can make cultivation challenging but allow a long growing season and late harvest. In the cellar, thoughtful and careful work is emphasized, including long maceration on the skins, spontaneous fermentation, long yeast contact periods and a late bottling. The results are structured and elegant wines with clear terroir. The premium wines come from top sites Saziani and Moarfeitl as well as Klausen and Steintal. In addition, the family runs the Saziani Stub'n restaurant and the boutique hotel Schlafgut Saziani.

# GEYERHOF

The wine growing region Kremstal is the home of the Geyerhof wines. The estate has been in the family since the 16th century and was first mentioned in a document of the 12th century. Since 1988, the family has worked according to the principles of organic viticulture. Hand-harvesting, site-specific winemaking, patience, spontaneous fermentation, and of course biodynamic farming practices all form the cornerstone of the thoughts and deeds. Today, as well as in the past, arable land, hedgerows, cattle, draft horses, chickens and bees complete the idea of holistic farming. Diversity instead of monoculture. The vine as a smaller part of a larger whole. One can certainly say that Geyerhof is one of the organic pioneers in Austria.

**Importer:** Sincere Wines AB

Our family winery is situated in a 500 year old tithing farmstead in the village of Kammern in the Kamptal Valley. We are passionately dedicated to producing Grüner Veltliner and Riesling white wines from our prized single-vineyards.

Here, uncompromising wines - wines with attitude, from biodynamically cultivated vineyards - come into being. These wines reflect the vitality of the region; wines of elegance and composure.

If you take in the view from our winery tasting room, you'll understand the essence of our wines immediately. It looks directly towards our best single-vineyards; Lamm, Heiligenstein, Grub, Renner and Gaisberg. This is the Kamptal Valley, with its soils, its vegetation and its climate; natural elements that give our wines their character and distinction.
