Welcome to the Austrian Wine stand!

We are pleased to be part of Vinexpo Asia, which is being held in Singapore for the first time.

Singapore is an important hub for connecting with customers from all over Asia and the Pacific region.

Please use this opportunity to meet 15 outstanding Austrian wineries who are present at the fair and a further 15 Austrian wineries represented at the Austrian Wine bar.

Taste through Austria's high-quality, environmentally consciously produced wines from a diversity of regions and varieties. At the Austrian Wine stand you can discover our wine culture and taste through a great wine selection.

Enjoy our flagship varieties Grüner Veltliner or Zweigelt (Rotburger), as well as our other successful indigenous and international varieties and hidden treasures like sweet wines and Sekt Austria (PDO).

During the planning of the tasting, we were able to rely on the expertise of ADVANTAGE AUSTRIA under the project management of David Bachmann, Veronika Öfner and their team.

In addition, I would like to thank my team – especially Helene Scheidl and Michaela Poiss – for their efforts in this major project.

The biggest thanks, however, goes to all those of you who visit our Austrian Wine stand. We look forward to bringing you closer to the world of Austrian wine!

Cheers and prost!

AUSTRIA. ENVIRONMENTALLY CONSCIOUS

© Austrian WineBlickwerk Fotografie

Environmental protection, biodiversity and the responsible use of natural resources have always been important concepts in Austria. Furthermore, strict legal provisions, combined with small, family-run wineries, result in a strong drive to preserve the ecosystem and ensure suitable conditions for future generations.

For the past few decades, Austria's agricultural policy has had a strong environmental focus, including strict regulations and subsidies aimed at erosion control and avoiding the use of herbicides and insecticides. Thanks to organic winegrowing being particularly widespread, together with the "Nachhaltig Austria" (Sustainable Austria) certification, Austria is a global leader in terms of environmentally conscious viticulture.

CERTIFICATIONS AND PRODUCTION METHODS

20% of area
under vine

Nachhaltig Austria (Sustainable Austria)

SUSTAINABLE
AUSTRIA

"Nachhaltig Austria" logo

Founded by the Austrian Winegrowers Association (Weinbauverband Österreich), this label is awarded to sustainable wine producers. Around 360 measures across nine categories (climate, raw materials, energy, soil, biodiversity, water, quality and both social and economic factors) are assessed using a unique, scientifically developed online tool. Producers enter their own data for evaluation. Certification is awarded if the winery meets the (continually rising) targets in the tool and passes an inspection by an external body.

22% of area
under vine

Organic Viticulture

The "EU organic" logo

The "EU organic" label guarantees the quality of products grown in compliance with the guidelines of the EU organic production regulation. Compliance is assessed annually by officially accredited inspection bodies. Organic viticulture centres around the promotion of healthy soil by advocating responsible soil cultivation methods and plant protection products of natural origin, with the aim of strengthening the resistance of the vines. The use of herbicides, synthetic chemical pesticides and genetic engineering is prohibited.

3% of area under vine
15% of all organically
cultivated vineyards

Biodynamic Viticulture

"Demeter" logo

"respekt-BIODYN" logo

Biodynamics is rooted in the work of the Austrian anthroposophist Rudolf Steiner and revolves around the fundamental principle of a self-contained, self-sufficient farming cycle. Two associations in Austria, Demeter and respekt-BIODYN provide members with guidelines on growing wine biodynamically. Organic certification is a prerequisite. Although Demeter operates internationally, Demeter Austria sets additional targets. Founded in Austria, respekt-BIODYN represents members in 4 countries who strive to produce wine of the highest individuality and quality.

CH = Chardonnay (Morillon)	RA = Rathay	WR = Welschriesling
FV = Frühroter Veltliner	R = Riesling	ZF = Zierfandler
FU = Furmint	ROE = Roesler	ZW = Zweigelt
MU = Muskateller	RV = Roter Veltliner	
GS = Gemischter Satz	RG = Rotgipfler	
	PG = Pinot Gris	

Further abbreviations

AL	= Alcohol
RS	= Residual sugar
AC	= Acidity
TYP	= Wine types - explanation see page 3
TBA	= Trockenbeerenauslese
Ried	= Legally defined single vineyard site
"1ÖTW"	= Wines from the best classified vineyards ("Erste Lage" by the Association "Österreichische Traditionsweingüter").
"1STK"	= Wines from premium vineyards defined by the Association "Steirische Terroir- und Klassikweingüter" ("Erste STK-Lage").
"GSTK"	= Wines from the most prized vineyards defined by the Association "Steirische Terroir- und Klassikweingüter" with extended maturation ("Grosse STK-Lage").

Type 1: Perlweine & Sekte

Austria can look back on a venerable tradition of sparkling wine, one that dates back to the 19th century. Our specialists in the sparkling sector include private producers, as well as large Sekt houses. Whether Sekt Austria (PDO) of the basic category or the traditionally vinified pétillant naturel (Pét Nat), these wines are ideally suited not only to the classic role of apéritif but also prove their versatility as dinner-table companions. Fruit and refreshment share the foreground in these easily drinkable light sparklers (Perlwein) and Sekts.

Type 2: Sekt Méthode Traditionelle

Traditional bottle fermentation is the most time-consuming and costly process for making sparkling wine: it takes a lot of time, and the typical ‘riddling’ of the bottles during ageing is often performed by hand. Austria’s top products – especially Sekt Austria (PDO) Reserve and Grosse Reserve – are produced according to this method. The result turns out as characterful and highly elegant Sekts, which do not need to fear any international comparisons.

Type 3: White wines - classic & refreshing

Classic white wines from Austria get top marks for their freshness and fine acidity – which they combine with considerable elegance in a middleweight frame. These can be found in all our winegrowing regions: refreshing and regionally typical Grüner Veltliner & Riesling from the regions along the Danube River, peppery Weinviertel DAC, delicious Wiener Gemischter Satz DAC, classic Weissburgunder & Chardonnay from Burgenland or spicy Welschriesling & Sauvignon Blanc from the Steiermark. Youthful wines such as Junger Österreicher, Steierischer Junker or Junger Wiener are the first to appear on the calendar in the classic & refreshing category, and can be tasted soon after the harvest.

Type 4: White wines - powerful & opulent

These stars of Austrian white wine culture are vinified dry, exhibiting body and extract, opulence and concentration. In addition to the majority of classically elaborated wines, here you will also find wines matured in barrique with a bit of an international accent. Among the elite one finds single-vineyard wines vinified from Grüner Veltliner and Riesling (like Smaragd bottlings from the Wachau), and top wines from regions along the Danube or from the Weinviertel. Other very distinctive vinous personalities include robust Zierfandler and Rotgipfler from the Thermenregion, as well as complex Weissburgunder and Chardonnay from Burgenland. This category is rounded out by the great single vineyard wines from the Steiermark (Sauvignon Blanc, Morillon, Weissburgunder & Grauburgunder), as well as specialties such as Neuburger, Roter Veltliner and the Gemischter Satz from Vienna.

Type 5: Rosé wines

Rosés are produced in all winegrowing regions of Austria and assume many forms: charming, youthful wines from Burgenland, or fresh stylings vinified from Zweigelt and Sankt Laurent in Niederösterreich, all the way to racy Schilcher from the Weststeiermark (some designated as a regionally protected Weststeiermark DAC). Burgenland also has its own protected appellation of origin for fruity-fresh and spicy rosé wine: Rosalia DAC Rosé.

Type 6: Red wines - classic & elegant

Red wines in the classic style – with *élevage* either in large wooden cask or steel tank, with typical Austrian fruit but also plenty of depth, without being too high in alcohol – which express the typicity of their origins, with elegance and an inviting nature. Zweigelt plays an important role, since it grows quite happily in almost all viticultural regions – though Carnuntum comes up first here – and classically vinified Blaufränkisch can also be convincingly distinctive. This group is rounded out by specialties such as Sankt Laurent, Blauburgunder (Pinot Noir), Blauer Portugieser & Blauburger.

Type 7: Red wines - intense & opulent

These are red wines that possess opulence, concentration, complexity and depth, vinified either as single varietal wines or as *cuvées*. Even with aging in *barriques*, these top wines are characterised by the typical depth of fruit characteristic of their *terroir*. The premiere destination for red wines of this sort is Burgenland – although top red wines can also be found coming from Carnuntum, the Thermenregion or even Vienna. It is satisfying to note that our typical Austrian grape varieties such as Blaufränkisch & Zweigelt might even do just a bit better here than classics like Pinot Noir and the international varieties Cabernet & Co.

Type 8: Alternative wines

A precise definition of ‘Orange Wines’, ‘Artisan Wines’ or ‘Natural’ wines – often referred to collectively as ‘Alternative Wines’, does not exist. What they have in common, however, is that they often develop as far as possible without human intervention during their process of becoming wine. Owing to oxidative development and/or extended maceration time, the white wines will also develop a distinct tannin structure – and even some colour from the skins – in combination with fresh acidity and earthy fruit. Growers who produce exceptional wines in these new – or actually old – ways can be found in all of Austria’s winegrowing regions.

Type 9: White wines - off-dry & medium-sweet

Wines in the upper Spätlese or Auslese class rank among the most ageworthy wines in Austria. In their youth they exhibit a great deal of *finesse*, combined with supple residual sweetness and a lively interplay between fruit and acidity. The palette ranges from Muskat Ottonel or Welschriesling from Burgenland, via (Gewürz)Traminer from the Steiermark, Grüner Veltliner and Riesling from various winegrowing regions, to the great Spätlesen or Auslesen vinified from the specialty varieties Zierfandler and Rotgipfler in the Thermenregion.

Type 10: Nobly sweet wines

These include Beerenauslese and Trockenbeerenauslese, as well as the classy and refined Ruster Ausbruch. These rare sweet wines are characterised by ample residual sugar and highly concentrated acidity, usually in conjunction with the distinctive aroma of noble rot (*Botrytis cinerea*). Such wines continue to develop in an exciting way over a long period of time and have great ageing potential – and Austria plays here in the Champions League. Eiswein with expressive, luxuriant fruit and sizzling acidity – as well as Strohwein and Schilfwein, which exhibit flavour profiles between *Botrytis* and Eiswein – also belong to this category.

DOMÄNE
ROLAND CHAN

Domäne Roland Chan: One Family. One Philosophy. One Passion.

Our Wines : "Expressing the purest flavours from the dry wall terraces of the world heritage region Wachau."

Our Story: Domäne Roland Chan is the realisation of a dream of Roland Müksch and his family in 2017 – the creation of a boutique winery featuring the dry wall terraces in the heart of the Wachau. The terraces are toiled manually with deep respect for nature. The wines are a pure expression of the cultural heritage landscape. Since 2019 member of the Vinea Wachau.

In 2021 Domäne Roland Chan is complete with our home in Wösendorf, a winery in Sankt Michael and over 2 hectares vineyards in our 4 distinct sites of: Achleiten, Klaus, Bach and Höll

We are one of the youngest wineries in the Kremstal / Wachau region, yet we draw on decades of experience in viticulture. Our expertise, modern cellar management, and passion for good drinks are the guarantee for excellent wines and spirits. We cultivate our vineyards close to nature, because the preservation of the species-rich, traditional cultural landscape is close to our hearts. We are convinced that Winery Förthof wines and spirits will soon be the toast of the town.

On the southern slopes of the Kögl, Gaisberg and Pfaffenberg hills, our wine has been growing on century-old terraces, making it a wine of special quality. Our love for local wines is deeply rooted in our hearts, as is our fascination for wines and fine spirits.

Schloss Gobelsburg is the oldest winery in the Danube appellation Kamptal with a documented viticultural history dating back to the 12th century. Cistercian monks from Burgundy received their first vineyards in 1171. Today the estate is concentrating on the typical expressions of the Danube appellations in all categories (regional, village, single vineyard).

Beside the classical Danube wines, the estate is producing a few specialities like quality sparkling wine (4 cuvees), a few red wines based on the Pinot family and some sweet wines. Another speciality is historical winemaking which is the content of the Tradition wines. The estate is member of the association 'Österreichische Traditionsweingüter', who is establishing a vineyard classification system in Austria.

Contact: Julius Hafner

The winery Julius Hafner (HAFNER - Family Estate) is located in Moenchhof, Austrias oldest wine growing community (1217), east of Vienna and next to Lake Neusiedl. Our philosophie is "Tradition and Innovation". HAFNER was the first producer of Icewine in Austria (1971) and was first and only producer of kosher wines in Austria (since 1980). The sunny Burgenland (former part of Hungary until 1921) had a long tradition in kosher wine making and was used to be called "Sheva Kehillos". Since 2007 we are certified organic (AT-BIO-302). The positively influence of the lake on the microclimate and hot summers and mild days late in fall are the ideal basis for the production of high-quality wines.

We live tradition

Being the third generation of our family business, I like to combine the tradition of my ancestors with the requirements of our modern times. And I'm doing so in a diligent and elegant way.

Classical wines as defined by nature

I try not to disrupt nature. This is why we work according to the stringent terms of 'controlled integrated viticulture', a special form of biological and nature-orientated cultivation. The majority of our wines mature in classical big wooden barrels. All of this allows me to fill the heritage of my forefathers into the bottle.

Markus Huber is one of Austria's star winemakers producing excellent dry white wines, especially Grüner Veltliner and Riesling from the Traisental area, that harbors enormous potential due to its unique limestone soils. Organically farmed vineyards are the fundament for wines full of character.

Named as wunderkind in the Decanter magazine, being best white wine producer at the International wine trade fair, best Grüner Veltliner producer at the IWC in London, as well as Austria's winemaker of the year named by Falstaff magazine, he is focusing to reflect the soil and the unique character of every growing season in his wines. The wines are counted among the best whites in Austria every year.

Weingut
JURTSCHITSCH
Langenlois

Tradition and experience knowledge of parents and grandparents is the basis and strength of every family winery. Nevertheless, the future lies in the hands of the young winemakers. Each generation of winegrowers has to discover its terroir anew and interpret it for itself personally.

The research drive of Stefanie and Alwin Jurtschitsch goes far beyond the classic organic guidelines. Thus, intelligent solutions for the future of sustainable farming are sought and researched. Alwin and Stefanie Jurtschitsch produce some of the most exciting white wines in the Kamptal. They are not loud, opulent wines - but understatement is the order of the day. Vibrant and energetic, both the classical Cru wines and their natural wines precisely tell the story of their origin and the winemaker.

Contact: Gerhard Kracher

The Kracher winery is situated close to Lake Neusiedl at Illmitz in Burgenland. The vineyards are perfectly placed to benefit from the lake's microclimate, particularly its consistent encouragement of botrytis.

Every year Alois Kracher created 9 - 15 Trockenbeerenauslese in two different vinification styles:

NOUVELLE VAGUE wines are fermented and aged in new French oak barrels and

ZWISCHEN DEN SEEN wines are vinified in stainless steel or in big casks.

Today, his son Gerhard manages the winery with the same strength, firm will and consequence as his famous father used to do.

Apart from the world-renowned Trockenbeerenauslese the production range comprises Beerenauslese, Auslese and a small quantity of dry red and white wines.

LAURENZ V.

STRICTLY GRÜNER & SHEER DRINKING PLEASURE

LAURENZ V. an Austrian boutique winery in the Kamptal valley produces an elegant, captivating style of Grüner Veltliner, vinified for international appeal and appropriate for diverse cuisines. The wines display brisk acidity, concentration of flavor, subtle spice notes, voluptuous texture and vibrant minerality.

LAURENZ V. grows grapes in the Kamptal and sources grapes from trusted growers in the Kamptal and Kremstal regions of Lower Austria, where Grüner Veltliner reaches optimal ripeness while retaining its trademark vivacity.

LAURENZ V. entirely focuses on Grüner Veltliner and produces several distinct proprietary Grüner Veltliners. The mission is to play a leading role in establishing Austria's signature grape - Grüner Veltliner - amongst the premium white wines of the world.

A-3481 FELS AM WAGRAM

The Leth Family Winery was founded 1960 and today, with more than 50 hectares of vineyards, is one of the leading wineries in the Wagram appellation. The unique Loess terroir favors the Grüner Veltliner in particular, it allows to produce wines of distinctive character, driven by the unmistakable handwriting of winemaker Franz Leth jun. A lot of passion is paid to the rare and indigenous variety Roter Veltliner too, the hidden gem of the Wagram area. All wines sourced from the organic as well as sustainable certified vineyards are telling the true story of origin. Fruit driven regional wines, classic village wines and complex, long-lived single vineyard wines, in their category they all count to the best Wagram has to offer.

Finely structured single-vineyard wines such as the Pinot Noir from 'Herawingert', the new cuvées and Rieslings from 'Karlsberg', the youthfully fresh 'Clos Domaine' wines – Grüner Veltliner DAC, Rosé and the red Veramo – plus elegant, easy-drinking sparkling wines and mineral-driven Blaufränkisch & Chardonnay from Leithaberg. These express our aspiration to create wines that are faithfully moulded by their origins and consistently exhibit top quality, winning international recognition. One can also experience royal wine pleasures directly at the estates in Wilfersdorf and Vaduz, as well as in Restaurant Torkel or the vinothèque at the Garden Palace in Vienna.

BIO-WEINGUT
POLLERHOF
www.pollerhof.at

The winery POLLERHOF is located in Röschitz, in Western Weinviertel/Austria. The winemaking tradition of the family Poller in Röschitz was handed down from one generation to the next. They were already devoted to winemaking on a high quality level in the 1920's. A winery that stands on its own. Creative, curious and passionate. Erwin Poller brings nature in the bottles and on the labels, too. He loves to surprise and provoke. Wine is produced with respect for nature, wild and with imagination. Creative, unconventional, handmade, individual, certified organic and vegan. The joy of creativity, quality & wine, handcraft because we believe in it. Rich in extract, fine and elegant. "Normal" is too boring for us. We are critical of trends and go our own way. The future remains exciting.

Importer: Seeking representation

Winzer Krems is one of the most significant producers of estate bottled quality wine in Austria. Its origins go back to the oldest wine growers association of central Europe founded in 1447. Until today Winzer Krems guarantees the highest quality standard and maintains wine as a valuable cultural asset.

According to this tradition the grapes are mainly handpicked. Winzer Krems specializes in two unique Austrian grape varieties: Grüner Veltliner (white) and Blauer Zweigelt (red). State-of-the-art equipment is used to extract the juice most carefully by pneumatic presses and to ferment under controlled temperature. The results are fine fruity wines with pronounced varietal character and pureness.

Originally a farm, Weingut Taferner has been converted to run on wine in 1989. Today our vineyard area totals 25 hectares of 60% red and 40% white varieties. When you love what you do, it shows.

Organic and sustainable certified, our mission is to create wines that reveal the complex nuances of the vineyards that inspire them. Our wines speak of the land.

We believe that real wine quality is produced in the vineyard, not in the winery.

High above Maierhofen lies the wine castle of the Thaller family, surrounded by vineyards and flowering gardens, on the way to Fürstenfeld, in the “Thermen-Vulkanland Steiermark“. As a typical family business, the Thaller's live, work and think in generations. In addition to Koarl & Maria, five of the six siblings are now responsible for the farm and combine their strengths to work together on the farm. More than 30 years ago, the foundation for the pressing of excellent wines was laid here, thus laying the foundation for continuous and quality-oriented further development. With the opening of the Wine Castle in 2006, a crown was added to this and a total work of art was erected to allow wine to be experienced with all the senses and to create a place for all people.

WESZELI

The Weszeli winery is located in one of the most exciting wine-growing regions in Austria. Langenlois in the Kamptal is not only geologically very diverse, climatically it is also at the intersection of different zones of influence.

30 hectares of vineyards are cultivated according to biodynamic principles. Handicraft is very important to the winemaker Davis Weszeli.

Terroir wines are aged in the cellar for at least 3 years to give them stability and longevity. They are only released when they have reached their first peak of maturity. Wines full of character with a high enjoyment factor are the result of the work.

The winery is in the process of converting to biodynamics according to Demeter guidelines and the wines are certified organic and vegan.

Domäne Wachau, lead by Roman Horvath MW and Heinz Frischengruber, has developed into one of the top-wineries in Austria, with an excellent range of Wachau wines that beautifully reflect origin. World-famous vineyards such as Achleiten, Kellerberg and Singerriedel are just a part of the wealth of top sites managed by Domäne Wachau. The work of the vintner families is of crucial relevance to the entire winery. With many of these families active for several generations on the steep terraces of the Wachau, they know the special features of each vineyard plot. Through their loving attention to detail combined with enormous experience, they ensure that there is ecological balance, promote the diversity and increasingly rely on organic farming.

WEINGUT
BRÜNDLMAYER
LANGENLOIS – ÖSTERREICH

Bründlmayer manages vineyards in the best locations around Langenlois. All of the vineyards have been cultivated sustainably since 1979 and in a biological-organic fashion since 2015. Among the Grüner Veltliners are stars like "Loiserberg", "Lamm" and "Käferberg". Among the Rieslings "Steinmassl" competes with the elegantly structured "Heiligenstein". The "Alte Reben" and "Lyra" of the Heiligenstein embody terroir and concentration. Hugh Johnson quotes "Bründlmayer Brut" as "Austria's Best Sekt". Zweigelt, Pinot Noir and Chardonnay belongs to Bründlmayer's acclaimed specialities as well as the rare sweet wines. "Almost every wine, from the lightest Grüner Veltliner to the red wine and the sparkling wine has what it takes to be the best of the vintage in its category." (Falstaff)

DÜRNBERG

Were one to seek a typical representative of the Weinviertel, one would certainly find this in Weingut Dürnberg. The wines embody all the virtues that international wine consumers expect from Austrian wine: crystal clear fruit, crisp elegance, charming varietal character and light-footed mineral expression. This is achieved because Christoph Körner avoids from cloying voluptuousness and focuses instead on elegance and freshness. Respectful cultivation and gentle guidance in the cellar result in wines with authentic character. After winning his friends Georg Klein and Matthias Marchesani as partners, Weingut Dürnberg gained momentum in serving the international market. The friendly professionalism of the trio puts the future of one of Austria's most promising wineries on a steady course.

WEIN Habersack

The winery is situated in Weiden am See in Northern Burgenland close to lake Neusiedl. Emmerich Habersack completed his oenological studies at Klosterneuburg in 1984 and is a passionate wine maker with deep practical experience. His younger daughter Karin who has taken over the winery in 2020 is also enthusiastic about the handicraft & the winegrowers' life and has a strong ambition & many ideas about developing the family business.

So it will be exciting to see what the future will bring!

We are delighted to offer you a broad variety of wines - both typically regional and internationally well known wine types. You are welcome to taste our crisp and fruity white wines as well as our aromatic sweet wines and our classics in red, best qualities kept in oak.

Expect great taste experiences!

In the past centuries, our family always has been our source of energy. This structure remained alive until today's time. JURIS comprises about 20 ha (75% for red wines and 25% for white wines) of vineyards, which are situated all over the wine-region of Gols. Gols is located in the wine region Burgenland between Vienna and Budapest in the warm Pannonian climate with permeable soils of gravel and sand.

Caused by the geologic conditions in our area, a great number of the grape varieties growing in Austria, are also planted in our estate. It has however crystallised, that the family of the Pinot-varieties is cultivated very often. JURIS strive to produce wines with character and style that are well balanced and possess complexity, aging potential, and a certain elegance.

WEINGUT
MÜLLER
GROSSMANN

Tradition. Origin. Individuality. Our winery is located in Furth-Palt, in the southern Kremstal. Here we cultivate 10 hectares of vineyards around the Göttweiger Berg. The winery is now run by the second generation of women – Marlies, who took over from her mother Helma. The female finesse can be felt in the wines; we attach great importance to tradition, origin and individuality. As much as necessary, as little as possible, that's the principle we work by. The focus is on Grüner Veltliner and Riesling, but we also vinify Burgundy, Rosé & Muskateller, as well as three sparkling wines according to the traditional method. In addition, we are currently converting to organic farming.

Family Sattler place great value on working closely with nature to produce the wines. Since 2016 vintage, our wines carry the green seal of organic certification. We cultivate multiple small parcels in very steep slopes at optimal elevations. It is a very demanding task to deal with the unpredictable climate with abundant precipitation in Südsteiermark, but this is also what forms the inimitable character of our wines. For this reason, we categorize our wines according to origin: "Gebietsweine" are regional wines sourced from various vineyards in Südsteiermark, "Ortsweine" are village wines from Gamlitz and Eichberg vineyards; "Riedenweine" are single-vineyard wines from Ried Kapellenweingarten, Ried Sernauberg, Ried Kranachberg, Ried Pfarrweingarten and Ried Trinkaus

Our family's wine-growing estate has a very long tradition going back to the year 1660 when it was first mentioned.

By vinification we mean our destination to produce top quality vintage wines which are typical for the local climate and soil of the Kamptal area. Due to long hours of sunshine and cool nights our wines are fruity and of fairly high alcohol content. Moreover, a subtly diversified tartness, which is caused by different types of soil and forms of viticulture, characterizes our wines. In our vineyards you can even find gravel and preexisting rocks as well as loess, which is typical of this area. Among the best cruces (locations of our vineyards) of our estate are Steinhaus, Steinmassl, Schenkenbichl, Spiegel and Panzaun, which rank among the best renowned of the Kamptal area.

Weingut Schabl is a family-owned winery in Königsbrunn am Wagram where their vineyards are embedded in the gentle hills on the southern slope of the Wagram plateau. In 1891 the winery came into possession of the family, by now the fifth generation continues the tradition of winemaking with passion and dedication. In their understanding winemaking is a craft that requires ecological intuition and creativity, therefore following organic practices seems only natural to them. Their product range is dominated by white wines, most notably by Grüner and Roter Veltliner, typical varieties in the Wagram region.

Our estate is almost as old as the city of Krems. For nearly 1000 years does our house exist and although wine was not made throughout the whole time there are some documents showing that already Benedictine monks grew apricots and cultivated grapes. In 1786 the vineyard estate was taken over by my family and since then we produce wine without interruptions. I got started in 2006 when I took over from my father who actually put his Swedish name behind the estate. 10 generations of winemakers are in between the beginnings and the present, a lot of tradition and also the duty to continue. So we took our first steps into a bright future. Since 2006 we became bigger but much more important, we - my wife Dominique and me - decided to convert to organic winemaking.

WEIN
WURMS

Having such a wonderful name as Weinwurm, the miller Anton Weinwurm thought 60 years ago that he simply could not go on milling for the rest of his life, and so he planted a vineyard in Dobermannsdorf. Though the Grüne Veltliner turned out to his surprise to be a Zweigelt Ultimately, this laid the foundation for the unusual wine diversity of the Weinwurms.

Since 2001, Anton's grandson Georg Weinwurm and his wife Lisa are the heads of the winery, energetically supported by all members of the family.

Dobermannsdorf has an exceptional position with Pannonian influence in the north-eastern region of Weinviertel. The mild climate contributes to the high quality of grapes which develop very favourably in the main growing area of the Grüner Veltliner. Our tip: The rare Roter Muskateller!
