### **Type 1: Perlweine & Sekte**

Austria can look back on a venerable tradition of sparkling wine, one that dates back to the 19th century. Our specialists in the sparkling sector include private producers, as well as large Sekt houses. Whether Sekt g.U. at the Klassik level or the traditionally vinified pétillant naturel (Pét Nat), these wines are ideally suited not only to the classic role of apéritif but also prove their versatility as dinner-table companions. Fruit and refreshment share the foreground in these easily drinkable light sparklers (Perlwein) and Sekts.

### **Type 2: Sekt Méthode Traditionelle**

Traditional bottle fermentation is the most time-consuming and costly process for making sparkling wine: it takes a lot of time, and the typical ‘riddling’ of the bottles during ageing is often performed by hand. Austria’s top products – especially Sekt g.U. Reserve and Grosse Reserve – are produced according to this method. The result turns out as characterful and highly elegant Sekts, which do not need to fear any international comparisons.

### **Type 3: White wines - classic & refreshing**

Classic white wines from Austria get top marks for their freshness and fine acidity – which they combine with considerable elegance in a middleweight frame. These can be found in all our winegrowing regions: refreshing and regionally typical Grüner Veltliner & Riesling from the regions along the Danube River, delicious Wiener Gemischter Satz DAC, classic Weissburgunder & Chardonnay from Burgenland or spicy Welschriesling & Sauvignon Blanc from the Steiermark. Youthful wines such as Junger Österreicher, Steierischer Junker or Junger Wiener are the first to appear on the calendar in the classic & refreshing category, and can be tasted soon after the harvest.

### **Type 4: White wines - powerful & opulent**

These stars of Austrian white wine culture are vinified dry, exhibiting body and extract, opulence and concentration. In addition to the majority of classically elaborated wines, here you will also find wines matured in barrique with a bit of an international accent. Among the elite one finds single-vineyard wines vinified from Grüner Veltliner and Riesling (like Smaragd bottlings from the Wachau), and top wines from regions along the Danube or from the Weinviertel. Other very distinctive vinous personalities include robust Zierfandler and Rotgipfler from the Thermenregion, as well as complex Weissburgunder and Chardonnay from Burgenland. This category is rounded out by the great single vineyard wines from the Steiermark (Sauvignon Blanc, Morillon, Weissburgunder & Grauburgunder), as well as specialties such as Neuburger, Roter Veltliner and the Gemischter Satz from Vienna.

### **Type 5: Rosé wines**

Rosés are produced in all winegrowing regions of Austria and assume many forms: charming, youthful wines from Burgenland, or fresh stylings vinified from Zweigelt and Sankt Laurent in Niederösterreich, all the way to racy Schilcher from the Weststeiermark (some designated as a regionally protected Weststeiermark DAC). Burgenland also has its own protected appellation of origin for fruity-fresh and spicy rosé wine: Rosalia DAC Rosé.

### **Type 6: Red wines - classic & elegant**

Red wines in the classic style – with *élevage* either in large wooden cask or steel tank, with typical Austrian fruit but also plenty of depth, without being too high in alcohol – which express the typicity of their origins, with elegance and an inviting nature. Zweigelt plays an important role, since it grows quite happily in almost all viticultural regions – though Carnuntum comes up first here – and classically vinified Blaufränkisch can also be convincingly distinctive. This group is rounded out by specialties such as Sankt Laurent, Blauburgunder (Pinot Noir), Blauer Portugieser & Blauburger.

### **Type 7: Red wines - intense & opulent**

These are red wines that possess opulence, concentration, complexity and depth, vinified either as single varietal wines or as *cuvées*. Even with aging in *barriques*, these top wines are characterised by the typical depth of fruit characteristic of their *terroir*. The *premiere destination* for red wines of this sort is Burgenland – although top red wines can also be found coming from Carnuntum, the *Thermenregion* or even Vienna. It is satisfying to note that our typical Austrian grape varieties such as Blaufränkisch & Zweigelt might even do just a bit better here than classics like Pinot Noir and the international varieties Cabernet & Co.

### **Type 8: Alternative wines**

A precise definition of ‘Orange Wines’, ‘Artisan Wines’ or ‘Natural’ wines – often referred to collectively as ‘Alternative Wines’, does not exist. What they have in common, however, is that they often develop as far as possible without human intervention during their process of becoming wine. Owing to oxidative development and/or extended maceration time, the white wines will also develop a distinct tannin structure – and even some colour from the skins – in combination with fresh acidity and earthy fruit. Growers who produce exceptional wines in these new – or actually old – ways can be found in all of Austria’s winegrowing regions.

### **Type 9: White wines - off-dry & medium-sweet**

Wines in the upper *Spätlese* or *Auslese* class rank among the most ageworthy wines in Austria. In their youth they exhibit a great deal of *finesse*, combined with supple residual sweetness and a lively interplay between fruit and acidity. The palette ranges from Muskat Ottonel or Welschriesling from Burgenland, via (Gewürz)Traminer from the Steiermark, Grüner Veltliner and Riesling from various winegrowing regions, to the great *Spätlesen* or *Auslesen* vinified from the specialty varieties Zierfandler and Rotgipfler in the *Thermenregion*.

### **Type 10: Nobly sweet wines**

These include *Beerenauslese* and *Trockenbeerenauslese*, as well as the classy and refined *Ruster Ausbruch*. These rare sweet wines are characterised by ample residual sugar and highly concentrated acidity, usually in conjunction with the distinctive aroma of noble rot (*Botrytis cinerea*). Such wines continue to develop in an exciting way over a long period of time and have great ageing potential – and Austria plays here in the *Champions League*. *Eiswein* with expressive, luxuriant fruit and sizzling acidity – as well as *Strohwein* and *Schilfwein*, which exhibit flavour profiles between *Botrytis* and *Eiswein* – also belong to this category.

STIFT  
KLOSTER  
NEUBURG

Much has changed since the foundation of Stift Klosterneuburg monastery in the year 1114, but the most essential things have remained the same:

- our symbiotic work with nature
- our respect for humankind and the environment
- our openness for new ideas, and
- our efforts to create unique wines !

Top vineyard sites in three different wine growing regions (Wagram, Vienna, Thermenregion), one of the most fascinating wine cellars going 5 levels into the ground and an unbroken wine tradition of more than 900 years, making us the oldest winery of Austria, are the attributes of Stift Klosterneuburg. As pioneers in the field of sustainability and climate protection Stift Klosterneuburg is Europe's first carbon neutral winery since 2009.

SCHLOSS GOBELSBURG is the oldest winery in the Danube area Kamptal with a documented viticultural history dating back to the 12th century, when Cistercian monks from Burgundy started to work their first vineyards in the area. Gobelsburg has been run by Michael Moosbrugger (Falstaff Winemaker of the Year 2006, Golden glass Sweden 2007) since 1996. Grüner Veltliner and Riesling are the winery's most important varieties. Aside from the classic fruity and spicy wines, the winemaker's primary focus is on the different types of soil, as reflected in single-variety wines which are produced. In a new development, attention has turned to production methods from the winery's rich history. This is the idea behind the Grüner Veltliner TRADITION, which pays homage to the traditions of the 19th century.

Allram has been one of the leading wineries of the Kamptal for decades, with holdings of Riesling and Grüner Veltliner in the famous vineyards of Heiligenstein, Gaisberg and Renner. For the owners Michaela and Erich Haas-Allram, the main factor of producing exceptional wines is to be found already in the vineyards. The cellar is now run by Lorenz, the new generation. His goal is to harvest the very best fruit, show real varietal character and to produce wines with intensity and finesse. Riesling thrives in Lorenz's hands, with the 2016 Gaisberg winning 97 pts at the International Wine Challenge in London receiving the white wine trophy.

Bründlmayer manages vineyards in the best locations around Langenlois. All of the vineyards have been cultivated sustainably since 1979 and in a biological-organic fashion since 2015. Among the Grüner Veltliners are stars like "Loiserberg", "Lamm" and "Käferberg". Among the Rieslings "Steinmassl" competes with the elegantly structured "Heiligenstein". The "Alte Reben" and "LYRA" of the Heiligenstein embody terroir and concentration. Hugh Johnson quotes "Bründlmayer Brut" as "Austria's Best Sekt". Zweigelt, Pinot Noir and Chardonnay belongs to Bründlmayer's acclaimed specialities as well as the rare sweet wines. "Almost every wine, from the lightest Grüner Veltliner to the red wine and the sparkling wine has what it takes to be the best of the vintage in its category." (Falstaff)

With almost 2,000 years of history behind it, Nikolaihof is the oldest winery in Austria, and one of the first in the world to have begun working by biodynamic principles according to the regulations of the Demeter Association.

The principle: Imbue the wine with as much strength and energy as possible, whilst leaving nature to its own devices as far as possible. No herbicides, fertilisers, pesticides or synthetic sprays are used in the vineyards. Instead, the Saahs family uses stinging nettle manure, valerian drops, horse tail tea and its own specially produced homeopathic-style preparations. The grapes are harvested by hand and are fermented without artificial yeast. The estate has been owned by the Saahs family since 1894. The traditional family business runs a total of appr. 50 acres.

Family Sattler place great value on working closely with nature to produce the wines. Since 2016 vintage, our wines carry the green seal of organic certification. We cultivate multiple small parcels in very steep slopes at optimal elevations. It is a very demanding task to deal with the unpredictable climate with abundant precipitation in Südsteiermark, but this is also what forms the inimitable character of our wines. For this reason, we categorize our wines according to origin: "Gebietsweine" are regional wines sourced from various vineyards in Südsteiermark, "Ortsweine" are village wines from Gamlitz and Eichberg vineyards; "Riedenweine" are single-vineyard wines from Ried Kapellenweingarten, Ried Sernauberg, Ried Kranachberg, and Ried Pfarrweingarten.
