Type 1: Perlweine & Sekte

Austria can look back on a venerable tradition of sparkling wine, one that dates back to the 19th century. Our specialists in the sparkling sector include private producers, as well as large Sekt houses. Whether Sekt g.U. at the Klassik level or the traditionally vinified pétillant naturel (Pét Nat), these wines are ideally suited not only to the classic role of apéritif but also prove their versatility as dinner-table companions. Fruit and refreshment share the foreground in these easily drinkable light sparklers (Perlwein) and Sekts.

Type 2: Sekt Méthode Traditionelle

Traditional bottle fermentation is the most time-consuming and costly process for making sparkling wine: it takes a lot of time, and the typical 'riddling' of the bottles during ageing is often performed by hand. Austria's top products – especially Sekt g.U. Reserve and Grosse Reserve – are produced according to this method. The result turns out as characterful and highly elegant Sekts, which do not need to fear any international comparisons.

Type 3: White wines - classic & refreshing

Classic white wines from Austria get top marks for their freshness and fine acidity – which they combine with considerable elegance in a middleweight frame. These can be found in all our winegrowing regions: refreshing and regionally typical Grüner Veltliner & Riesling from the regions along the Danube River, delicious Wiener Gemischter Satz DAC, classic Weissburgunder & Chardonnay from Burgenland or spicy Welschriesling & Sauvignon Blanc from the Steiermark. Youthful wines such as Junger Österreicher, Steierischer Junker or Junger Wiener are the first to appear on the calendar in the classic & refreshing category, and can be tasted soon after the harvest.

Type 4: White wines - powerful & opulent

These stars of Austrian white wine culture are vinified dry, exhibiting body and extract, opulence and concentration. In addition to the majority of classically elaborated wines, here you will also find wines matured in barrique with a bit of an international accent. Among the elite one finds single-vineyard wines vinified from Grüner Veltliner and Riesling (like Smaragd bottlings from the Wachau), and top wines from regions along the Danube or from the Weinviertel. Other very distinctive vinous personalities include robust Zierfandler and Rotgipfler from the Thermenregion, as well as complex Weissburgunder and Chardonnay from Burgenland. This category is rounded out by the great single vineyard wines from the Steiermark (Sauvignon Blanc, Morillon, Weissburgunder & Grauburgunder), as well as specialties such as Neuburger, Roter Veltliner and the Gemischter Satz from Vienna.

Type 5: Rosé wines

Rosés are produced in all winegrowing regions of Austria and assume many forms: charming, youthful wines from Burgenland, or fresh stylings vinified from Zweigelt and Sankt Laurent in Niederösterreich, all the way to racy Schilcher from the Weststeiermark (some designated as a regionally protected Weststeiermark DAC). Burgenland also has its own protected appellation of origin for fruity-fresh and spicy rosé wine: Rosalia DAC Rosé.

Type 6: Red wines - classic & elegant

Red wines in the classic style – with élevage either in large wooden cask or steel tank, with typical Austrian fruit but also plenty of depth, without being too high in alcohol – which express the typicity of their origins, with elegance and an inviting nature. Zweigelt plays an important role, since it grows quite happily in almost all viticultural regions – though Carnuntum comes up first here – and classically vinified Blaufränkisch can also be convincingly distinctive. This group is rounded out by specialties such as Sankt Laurent, Blauburgunder (Pinot Noir), Blauer Portugieser & Blauburger.

Type 7: Red wines - intense & opulent

These are red wines that possess opulence, concentration, complexity and depth, vinified either as single varietal wines or as cuvées. Even with aging in barriques, these top wines are characterised by the typical depth of fruit characteristic of their terroir. The premiere destination for red wines of this sort is Burgenland – although top red wines can also be found coming from Carnuntum, the Thermenregion or even Vienna. It is satisfying to note that our typical Austrian grape varieties such as Blaufränkisch & Zweigelt might even do just a bit better here than classics like Pinot Noir and the international varieties Cabernet & Co.

Type 8: Alternative wines

A precise definition of 'Orange Wines', 'Artisan Wines' or 'Natural' wines – often referred to collectively as 'Alternative Wines', does not exist. What they have in common, however, is that they often develop as far as possible without human intervention during their process of becoming wine. Owing to oxidative development and/or extended maceration time, the white wines will also develop a distinct tannin structure – and even some colour from the skins – in combination with fresh acidity and earthy fruit. Growers who produce exceptional wines in these new – or actually old – ways can be found in all of Austria's winegrowing regions.

Type 9: White wines - off-dry & medium-sweet

Wines in the upper Spätlese or Auslese class rank among the most ageworthy wines in Austria. In their youth they exhibit a great deal of finesse, combined with supple residual sweetness and a lively interplay between fruit and acidity. The palette ranges from Muskat Ottonel or Welschriesling from Burgenland, via (Gewürz)Traminer from the Steiermark, Grüner Veltliner and Riesling from various winegrowing regions, to the great Spätlesen or Auslesen vinified from the specialty varieties Zierfandler and Rotgipfler in the Thermenregion.

Type 10: Nobly sweet wines

These include Beerenauslese and Trockenbeerenauslese, as well as the classy and refined Ruster Ausbruch. These rare sweet wines are characterised by ample residual sugar and highly concentrated acidity, usually in conjunction with the distinctive aroma of noble rot (Botrytis cinerea). Such wines continue to develop in an exciting way over a long period of time and have great ageing potential – and Austria plays here in the Champions League. Eiswein with expressive, luxuriant fruit and sizzling acidity – as well as Strohwein and Schilfwein, which exhibit flavour profiles between Botrytis and Eiswein – also belong to this category.

Christoph Bauer is the winemaker of the family winery Christoph Bauer. Our wines are known for their clear varietal and vintage character. Conscientious work in our vineyards is the foundation, where we have been using organic methods since 2015.

Our grapevines grow in Weinviertel, a winemaking region north of Vienna.
Weinviertel is famous for the Austrian white variety Gruener Veltliner.
Our vineyards, situated in Jetzelsdorf near Haugsdorf, are also planted with red varieties. The small, deep valleys here create the perfect environment for full-bodied red wines. In total we cultivate a vineyard area of 20 hectares.

SCHLOSS GOBELSBURG is the oldest winery in the Danube area Kamptal with a documented viticultural history dating back to the 12th century, when Cistercian monks from Burgundy started to work their first vineyards in the area. Gobelsburg has been run by Michael Moosbrugger (Falstaff Winemaker of the Year 2006, Golden glass Sweden 2007) since 1996. Grüner Veltliner and Riesling are the winery's most important varieties. Aside from the classic fruity and spicy wines, the winemaker's primary focus is on the different types of soil, as reflected in single-variety wines which are produced. In a new development, attention has turned to production methods from the winery's rich history. This is the idea behind the Grüner Veltliner TRADITION, which pays homage to the traditions of the 19th century.

JURTSCHITSCH
Langenlois

For many people, the Jurtschitsch wine estate in Langenlois with its winery building dating from the 16th century and the 700-year-old natural cellar labyrinth ranks among the most impressive wine estates in Austria. A place with history and architectural beauty. Its wines, however, have shaped the senses-over time, across the spirit of the time and beyond all borders.
Grüner Veltliner and Riesling in particular have inspired tasting notes & history for years. With Stefanie and Alwin Jurtschitsch of the younger generation, they are now in the very best of hands.
The Falstaff quotation "There is hardly any other winery which is able to offer the best of quality across the entire wine portfolio with such reliability", is being brought up to date virtually on its own.

Rudi Hofmann likes to carve out his own path. The latecomer to winemaking opened his winery on the eastern bank of the Traisen River in 2000 and has since become one of the region´s leading winemakers. Transitioning to organic cultivation was a big step towards a winegrowing philosophy that is closer to nature, and a decision from the heart for the dedicated winemaker. Hofmann´s concept goes beyond organic, however, to a comprehensive sustainability that encompasses all steps of production. His flagship wines are the Grüner Veltliner Fuchsenrand - from the site of the same name with its shell limestone and loess soils - and the Kogelberg Riesling, which is influenced by its barren conglomerate and gravel soils. The O-Range series shows off old and new vinification techniques.

RAINER WESS

Rainer was able to fulfill this dream with the founding of his winery in 2003, in a small rented cellar in the Unterloibner Kellergasse. Wine was made of purchased grapes from the best locations in the area. However, this cellar soon became too small and in 2009 they moved to the Krems area into an empty cellar of Wilhering Abbey. A modern, gentle and energy-saving grape reception was added to the old building. Today, the Winery Rainer Wess cultivates about 15 hectares and is a member of the Association of Austrian Traditionsweingüter. With Christina & David the second generation came to work at the Rainer Wess winery. To work together with Rainer in the pursuit of bringing the locations into the bottle - as unadulterated, inartificial and pure as possible.

Polz is more than just a name
Despite the fact that our wines have long been appreciated by wine lovers beyond the borders of our region and country, our vineyard has to this day remained a family-run business with all members of the family playing their part. And, as in all families, ours too encompasses many different personalities with a variety of strengths and characteristics that ultimately characterise the special quality of our wines.

The family owned winery is located in southeast Styria only few kilometers from the Slovenian and Hungarian borders. The vineyards of the Winery are planted on the steep slopes of a volcanic cone. Thirteen different grape varieties thrive on 40 hectares and are now husbanded by the third generation according to organic guidelines. Sauvignon Blanc and the Burgundian grapes like Pinot Blanc, Pinot Gris and Morillon (the Styrian name for Chardonnay) receive special attention here. Rather unusual for Styria, but surprisingly successful, are the red wines from Pinot Noir, Blauer Zweigelt, Merlot and Cabernet Sauvignon. To round out the assortment, the winery also offers Welschriesling, the most familiar Styrian grape variety, and Traminer a specialty particularly successful on volcanic soil.
