PERFORMANCE WITH AWARENESS

- Austrian agriculture 23% organic
- Organic wine rose from 3% to 14% within 15 years
- 9% certified sustainable
- 75% Minimum Intervention
- Low yields: 67,5 hl/ha

PERFORMANCE WITH AWARENESS

The „Sustainable Austria“ certification programme regulates the use of the term „sustainability“ in Austrian winemaking.

Wines made organically or biodynamically can be identified by the green EU organic logo with the code number of the certification body.

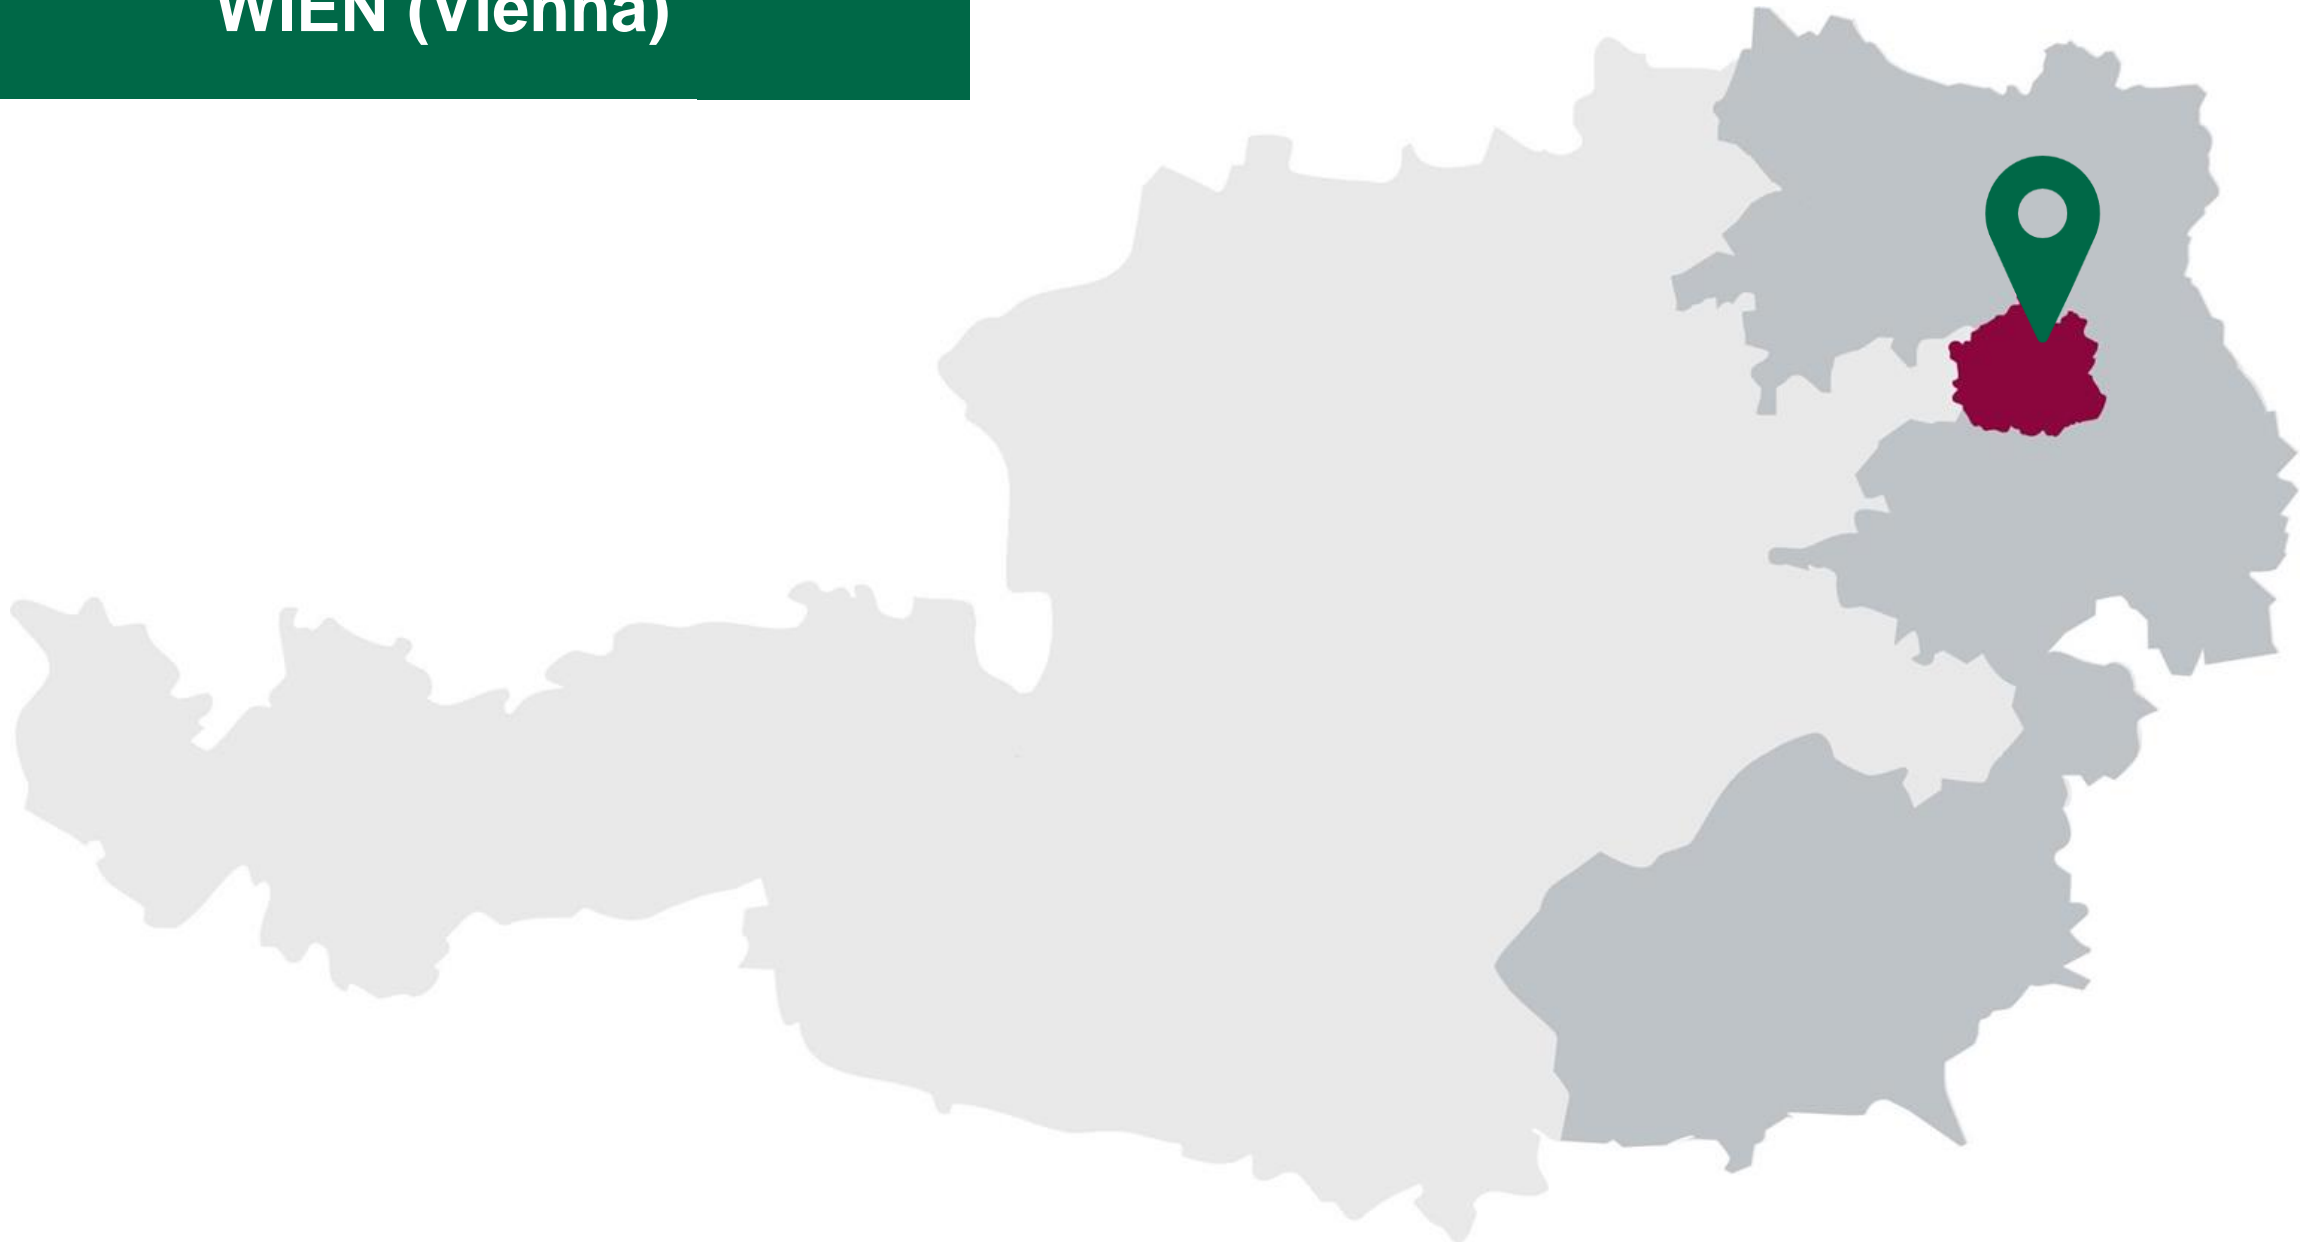

ALTERNATIVE WINES: NATURAL & RAW WINES

- Broad category, little to no regulation / definition in the world but in South Africa, France and Austria
- Officially defined by the Federal Ministry in 2018
 - Has to be organically farmed
 - Cloudiness and oxidative notes potentially part of the style
 - Authorized additives: bentonite, sulfur dioxide
 - 70 ppm SO₂ total maximum
 - “Naturwein” not authorized on the label
 - Can only be sold as “Österreich” with or without indication of grape variety or vintage
